MESSAGE

The University of Karachi since its inception in 1951 has been providing quality education to the undergraduate and graduate students besides generating new knowledge through its post graduate students and faculty which are relevant to national and international needs. We have about 54 departments and 17 institutes providing a breath of knowledge in most of the contemporary fields ranging from philosophy, business administration, environmental science, pharmacy to law. We have grown from merely few thousand students to more than 40,000 students till date and our state of the art facilities are available to provide high quality education and to create cutting edge knowledge relevant to the contemporary needs of the society.

It gives me a great pleasure to welcome you to the great tradition and culture of the University of Karachi. You are going to be a part of the family which is spread worldwide and are contributing to the uplift of their Alma Mater. We hope to inspire and lead you to the newer heights in knowledge so that you may optimally contribute to the uplift the downtrodden masses and take society from the existing primitive state to a cyber level. I hope that after your education, you will be able to generate ideas that may change Pakistan and the world.

We are looking forward to interacting with the community and the society so that we can determine our priority linked with the objective conditions and help government, businesses and other aspect of social society to achieve excellence.

Looking forward to welcoming you in the University of Karachi.
MESSAGE

Welcome to the University of Karachi, where excellence is nurtured, pursued and celebrated as we work to create a positive change for a better world. The University has digitalized its entire admission process in order to facilitate students seeking admission to our esteemed institution. Due to computerization and modernization, our University is now globally connected and the information regarding admission criteria, and subsequent admission process, can now be fully accessed and completed by all applicants with ease. The applicants will now be able to submit their applications and fees online without visiting the University.

Outstanding students, staff and alumni, cross-sectoral partners, and research based teaching have all combined to place the University of Karachi in the top echelons of the world’s universities. The confluence of teaching and research creates a distinctive learning environment for our students.

The University offers rigorous and vibrant undergraduate, graduate and postgraduate degree programs in the Faculties of Education, Islamic Studies, Law, Management & Administrative Sciences, Medicine, Pharmacy, Science, and Arts & Social Sciences. The teaching and research programs are supervised by our renowned scholars. The University of Karachi also offers graduate and post-graduate students’ laboratories, a vast and rich and diverse library of printed books as well as a digital library, moreover video-conferencing facilities in a multi-disciplinary environment are also available.

All these quintessential components, outstanding teaching, scholarships, support programs with flexibility and choice in programs, co-curricular and extra-curricular benefits combine to create a transformational and productive academic experience. Therefore, our students are the emerging leaders who will help shape tomorrow’s world and create a positive change.

Generations of students, staff and alumni have built a positive image and reputation. I am confident that the students of the University of Karachi of today, and also of tomorrow, will significantly enhance its name and reputation in the future.

Prof. Dr. M. Ahmed Qadri
Director Admissions
INTRODUCTION

The University of Karachi (herein after referred to as the University) was established in 1951 by the Parliament through the “University of Karachi Act, 1950”, as a Federal University, which was redefined later in 1962 as a University in the province of Sindh. Accordingly, with the passage of time it emerged as a prestigious national institution imparting quality education at the higher level.

The University was initially housed in a congested compound of a few buildings, situated at the old Princess Street near Civil Hospital, Karachi but that environment was not conducive for quality output of academic and research activities. Considering the needs, the authorities sanctioned new site at the Country Club road (now the University Road) with an expanded area of acres of land.

The University, besides enjoying the status of imparting quality education and a thriving and challenging academic community today, is dedicated to the excellence at all levels of higher education and research. This premier institution has emerged as a dynamic place that keeps pace with academic advances and changes in the modern world.

A number of scientists and scholars are affiliated with the University, possessing significant positions both within and outside Pakistan. They have been acclaimed as active and dedicated members of all segments of society who are striving to bring positive changes and developments in the intellectual mindset of the people of Pakistan.

Considering the increasing number of applicants every year, the University initiated its Evening Program a few years ago at Bachelor and Master Levels. An independent Directorate of Evening Program has been set up to oversee matters pertaining to admissions, academics and administration.

At present, the University offers Bachelors and Masters Programs as well as M.S., M.Phil. and Doctorate together with diplomas and certificates programs in the faculties of Arts & Social Sciences, Education, Science, Pharmacy and Pharmaceutical Sciences, Islamic Studies, Management & Administrative Sciences, Engineering and Law.

Being an affiliating and examining institution, the University has granted affiliation to about 138 colleges and institutions. It conducts examinations of about 150,000 students studying in these colleges/ institutes and prepares their results and awards degrees.

The value of Academic excellence of the degrees awarded by the University is acclaimed throughout the world. This is evident from the inclusion of this institution in the list of top universities of the world, for the fourth consecutive year. The ranking is carried out annually by the world's most prominent ranking agencies, Times Higher Education and Quacquarelli Symonds (QS) UK.

To further strengthen the standards of education and research, the University has established a Quality Enhancement Cell (QEC) in the main administration block of the University. The main objective of the Cell is to introduce self-assessment program in all disciplines offered at the University.
ADMISSIONS

Admissions are offered to the following degree programs simultaneously:

- Doctor of Pharmacy / Doctor of Physical Therapy / B.A./LL.B. (Five years)
- B.S./B.B.A. (four years)
- B.Sc./B.A., (Honors three years)
- LL.B. (Three Years)
- Masters (two years)
- M.B.A. (3½ years)
- B.L.I.S. (one Year)

The list of alumni of the University contains renowned names such as Dr. Abdul Qadeer Khan and Prof. Dr. Atta-ur-Rehman etc. This fact makes the University feel proud that these eminent figures are known for their services rendered to the promotion of higher learning and research.

Reputed to be a research oriented institution, the University offers courses which have futuristic vision in all disciplines. This academic stance makes it easier for students to find a rightful place in the competitive job market at national and international levels.

The University is well-known for its diversified teaching and research programs. It is currently imparting quality education with modern teaching and research facilities and techniques in the following disciplines:

- Faculty of Arts & Social Sciences
- Faculty of Education
- Faculty of Science
- Faculty of Islamic Studies
- Faculty of Law
- Faculty of Pharmacy & Pharmaceutical Sciences
- Faculty of Engineering
- Faculty of Management & Administrative Sciences
- Faculty of Medicine

ADMISSION POLICY

Admissions are granted in Bachelors and Masters Programs at the University of Karachi, in the categories of K, S and P, as per approval of the Academic Council. These admissions are granted purely on merit however, certain seats are reserved for the candidates from Province of Sindh (other than Karachi), Balochistan, FATA, Azad Jammu & Kashmir and Northern Areas, Children of Armed Forces personnel, dependents of the University employees (spouse and Children), International students, Self-financed
students, Special persons, Sports persons & Advocate Children Quota. However merit is the only criterion for obtaining admissions on the reserved seats as well.

**NOTE**

1. Admissions on reserved seats for FATA, Northern Areas and Azad Jammu & Kashmir are granted only to the eligible candidates, who qualify on merit and have been nominated by the Kashmir Affairs, Northern Areas Division, Government of Pakistan, Islamabad.

2. Similarly, admissions on the reserved seats for children of Armed Forces Personnel are given only on the nominations from General Head Quarters of the Armed Forces of Pakistan.

3. The admission on special persons’ reserved seats is granted only after the medical examination and verification from the Social Welfare Department, Government of Sindh and/or civil surgeon.

4. The admission on sport’s seats is granted only after the verification of eligibility as per the predetermined standards, from the concerned authorities, as appropriate.

5. The Admissions on Advocate Children Quota Seats are granted only after the verification of eligibility as per the free determined standards, from the concerned authorities, as appropriate.

   ✓ All Reserved/Nomination Seats candidates must submit “Reserved Seat Forms separately”. otherwise their Admission form on reserved seats will not entertained.

**ADMISSIONS ON OPEN MERIT SEATS**

Since the number of applicants for the Bachelors and Masters Programs is much higher than the number of seats available, the admissions have been categorized in three groups i.e. **K, S and P**. Each category is defined as follows:

**CATEGORY "K"**

Category "K" refers to those applicants who have passed their Secondary School Certificate (SSC or Matric), Higher Secondary Certificate (HSC or Intermediate) or equivalent, and graduation from the educational institutions which are situated in Karachi and are also recognized by or affiliated with the University of Karachi.

Additional 5% of the seats, open merit, seats in each department have been reserved for applicants who have completed their graduation from other degree awarding institutions, situated in Karachi and recognized by the University of Karachi.

**CATEGORY "S"**

Category "S" refers to those applicants who have passed at least one of the SSC/Matric, HSC/Intermediate or Bachelors degree examinations from a recognized educational institution in the Province of Sindh (excluding Karachi).
CATEGORY "P"

Category "P" refers to those applicants who have passed at least one of the SSC/Matric, HSC/Intermediate or Bachelors degree examinations from a recognized educational institution outside the Province of Sindh.

Preference in admissions is given to "K" category candidates. If the eligible applicants are fewer than the seats and the seats are left vacant, then "S" category candidates are considered. If seats are still available then consideration is given to "P" category candidates.

CHANGE OF CATEGORY (FOR OPEN MERIT BASED DEPARTMENTS)

Candidates who fulfill the following conditions can apply for change of category from S or P to K.

1. Those students whose parent (father or mother)/guardian has the domicile of Karachi but they have passed the pre-requisite examination from abroad that was conducted by any registered International Institution or any Pakistani Board or University, will have to produce the domicile certificate and copy of CNIC of their parent/guardian, showing their permanent address in Karachi.

2. Students whose parent/guardian are employed with Federal or Sindh Governments, Autonomous or Semi-autonomous bodies, Government Corporations, or Armed Forces, and who have been posted in or transferred to Karachi during the last 03 years (for Bachelors program) or 05 years (for Masters program) will have to produce the appointment/deputation/transfer letter and joining letter of their Parents (father/mother) along with their application. Such candidates must have completed their further education from educational institutions located in Karachi after the date of transfer or posting of their parents.

3. Additional 3% seats in each department have been allocated for those candidates who have passed their pre-requisite examinations from a recognized educational institution located outside Karachi but they have their initial education including SSC/Matric and HSC/Intermediate from Karachi. Such candidates should have a CNIC and Permanent Residence Certificate (PRC) of Karachi and their parents should have the domicile and CNIC indicating their permanent address in Karachi. Candidates below the age of 18 years are required to submit scan copy of their 'B'-Form.

4. A candidate who comes under 'S' or 'P' category, but she/he has got married to a permanent resident of Karachi should submit a copy of the 'Nikah nama' along with the domicile and CNIC of his/her spouse showing his/her permanent address in Karachi.
APPLICATION FOR CHANGE OF CATEGORY (FOR OPEN MERIT BASED DEPARTMENTS)

All such applicants who fulfill any of the criteria for change of category to 'K' described above, should attach, with their forms, an application on plain paper for change of category together with the required documents mentioned above. At the time of admission, they will have to produce the original and copies of all the documents.

Note: The candidates who are applying for Test-based departments are not required to apply for change of category.

ADMISSIONS ON SELF-FINANCED SEATS

The University offers admissions on self-financed seats in both Bachelors and Masters Programs. The numbers of seats, distribution of seats in Bachelors and Masters degree programs and payment terms are given in the appendix-M Page No 128-129.

ADMISSIONS ON RESERVED SEATS

Candidates for admission to reserved seats should ensure that they meet the criteria of eligibility for the University as well as the department concerned.

The merit list for these seats is prepared for different departments on the basis of recommendations by the concerned department.

As per the directives of the Academic Council, 90 seats (for details please see Appendix-L, page-125) have been allocated for the students of the Province of Sindh (other than Karachi), besides "S" Category. However, such students should have the domicile of the Province of Sindh (other than Karachi) and they must have acquired the entire education from that area.

There are 60 seats reserved for the deserving students from Balochistan (for details please see Appendix-L, page-127). However, the conditions applied to the students of Province of Sindh (other than Karachi) will also be applicable here.

Additional 2% of the total allocated seats in each department is apportioned for the employee of University of Karachi and their dependents (sons, daughters and spouse), for the special persons and for sports persons. Additional 5% of the total allocated seats in the Department of School of Law have been allocated for the Advocate Children Quota. Similarly, seats are reserved for the self-financed candidates (details given in appendix-M page-128-129).

The applicants seeking admission in Masters program in any department of the University, having completed their two years of B.Sc. (Pass) / B.S. from University of Karachi with degree conversion are allocated an additional 5% seats. **Those Students who have appeared in the Fourth Semester in University of Karachi having seat numbers starting from H-16, B-16 or EP-17 are eligible to apply on Three Performa bases. However such students should have passed all the papers of First Semester to Third Semester, otherwise their forms will be rejected.**
In addition, those applicants who apply for a Masters program, having passed their three years’ B.Sc. (Honors) program but have not completed their Masters before, have an additional 5% seats. Those Students who have appeared in the Sixth Semester in University of Karachi having seat numbers starting from H-15, B-15 or EP-16 are eligible to apply on Five Performa bases. However such students should have passed all the papers of First Semester to Fifth Semester, otherwise their forms will be rejected.

Note:
- Admissions in the Entry-Test-Based departments *(See Appendix B on Page No: 101-103)* for Bachelor Programs.
- Admissions in the Entry-Test-Based departments *(See Appendix B (i) on Page No: 104)* for Doctor of Pharmacy (Morning & Evening) and Doctor of Physcial Therapy.
- Admissions in the Entry-Test-Based departments *(See Appendix F on Page No: 115-116)* for Master Programs.
- Admission will be granted in the Department of Visual Studies on the basis of Aptitude Test.

Note: Weightage for preparation of Merit List is

*Pre-requisite Examination = 20% + Aptitude Test = 60% + Interview 20%*

The applicant must pass in each head passing marks in test and interview will be 50%.

**CONDITIONS FOR ELIGIBILITY**

The conditions for eligibility, whether applying on merit or reserved seats, are given below:

i. Admission in the Faculties of Science, Arts & Social Sciences, Education, Islamic Studies, Management & Administrative Sciences, Pharmacy and Pharmaceutical Sciences, Engineering and Law will be granted as per the eligibility criteria of the department Grace/Condoned marks will not be taken into account.

ii. A student placed in 3rd division or obtaining less than 45% marks in the pre-requisite examination is NOT ELIGIBLE for admission in the University.

iii. 20 marks will be given to those candidates who are Hafiz-e-Quran, for Bachelors and Masters programs after producing the Hifz-e-Quran certificate from recognized institutes, provided that they do not hold any third division (less than 45% marks) in the Pre-requisite Examination.

iv. A candidate who has already obtained a Masters degree is not eligible for re-admission or fresh admission in any Masters Programs or a candidate who has already obtained a Bachelors degree is not eligible for re-admission or fresh admission in any Bachelors Programs. If any such case is discovered, the student's admission will be cancelled at any stage of the studies and legal action can be initiated.
v. Only those candidates can apply for admission who have passed the prerequisite examinations within the last 05 years. However 03% seats in each department have been allocated on merit for candidates who have passed the pre-requisite examinations more than 05 years ago.

vi. Candidates desirous of taking admission on the basis of degrees/certificates awarded by private sector institutions in Pakistan should get the equivalence of their degrees/certificates determined by the University Equivalence Committee or Inter Board Chairman Committee (IBCC) well before the scheduled date of admissions.

vii. Reserved seats are available in various departments for the international students. The minimum criterion for their eligibility is English proficiency with IELTS (minimum 5 band), in addition to passing the pre-requisite examination.

viii. All admissions are provisional subject to verification of documents. Admission on fake documents or Inadvertent admission of candidates from non-recognized institutions can be cancelled at any time.

**ADMISSION PROCEDURE**

1. The date of opening of admissions, availability of forms, submission of online forms and other details are announced through the University of Karachi website [www.uok.edu.pk](http://www.uok.edu.pk) and advertisements in the newspapers.

2. Application forms will be available on the website [www.uokadmission.edu.pk](http://www.uokadmission.edu.pk) with all the relevant instructions as well as the demo for guidance of the students. The applicants are required to read the instructions carefully. In case, if any mistake is committed by the applicant, the University shall not be held liable for such omission/commission.

3. Applicants are instructed to select departments strictly in accordance with eligibility criteria listed in Appendices A, B, B (i) for Bachelors Program and Appendices E & F for Masters Program. A maximum of 05 choices of departments can be given in order of preference. The names of the departments should be mentioned very carefully since it is not possible to make any changes in the form once it is submitted.

4. Closing percentages for Bachelors/Master Admissions 2018 are given in Appendices H, I, (for open merit) & J (for test based departments), respectively. These percentages are only for guidance.

5. A candidate can apply for admission on open merit and test basis on separate forms but she/he is not allowed to submit more than one admission form for the same category of admission. If any candidate submits more than one form for admission in either open merit or entry test basis, all of her/his forms will be cancelled.

6. The provisional merit list of successful candidates will be displayed on the website of the University on the dates mentioned therein.
7. University employees who seek to get admission on the seats reserved for them will have to submit a statement containing essential details of employment duly certified by the Head of the concerned department.

8. Special persons who seek to apply for seats reserved for them are required to submit a medical certificate issued by the Social Welfare Department, Government of Sindh and / or civil surgeons.

9. Students applying on sports seats should upload sport certificates and other supporting documents. Two percent (2%) quota in each department is reserved for sports. Only those candidates are eligible for admission on the sports quota who have played as a member of:
   - Pakistan Junior/Senior Team
   - Winner/Runner-up National Championship
   - Pakistan University/Board Team
   - Winner/Runner-up Inter-Provincial Championship
   - Winner/Runner-up Inter-University or Inter Board Tournament.

10. The lists of admission for reserved seats will be prepared separately by the admissions committee.

**INSTRUCTIONS FOR CANDIDATES WHOSE NAMES APPEAR IN THE ADMISSION MERIT LIST**

Candidates whose names appear in the admission list must complete all the formalities for admission within the stipulated time, otherwise their admission will lapse and no claim will be entertained.

The following documents are required to be submitted for completion of the admission process:

1. Print out of duly filled application form, submitted online by the applicant.

2. Original Marks Sheet of the last examination i.e. H.S.C./Intermediate or equivalent for Bachelors and Bachelors degree/Graduation for Masters Program (non-returnable).

3. Original character certificate from the Head of the last attended institution. For external candidates, a character certificate is required from any gazetted officer (non-returnable).

4. Original and copy of the CNIC of the candidate. In case where the candidate is below 18 years of age, the original and copy of his/her parents (father/mother/guardian) CNIC. The original will be returned after verification.

5. The original certificate of S.S.C./Matric, H.S.C./Intermediate, A/O Level and an attested copy of the same. The original will be returned after verification.

6. 3 recent photographs (1x1.5 inch) on a white background.

7. Payment of prescribed Fee. (Appendix –K Page No. 126)

8. Signed copy of an undertaking on Rs.100/= stamp paper (specimen attached on page No.130).
ENROLMENT:
After completion of the above formalities, the candidates must enroll themselves, as under the University rules their admission will not be completed until he/she receives his/her enrolment card. The enrolment can be completed by filling an enrolment form which can be obtained on the production of the original receipt of the Admission Fee.

Students who have passed their last examination from Board, College or University outside Karachi have to submit a Migration Certificate from the respective institution in order to complete the enrolment formalities.

It should be noted that all admissions are provisional, subject to the verification of documents. If any candidate secures admission on the basis of misinformation and/or fake documents, his/her admission shall be cancelled at any time and the deposited fee shall not be refunded. Suitable punitive action will also be taken leading up to debarment from any educational institution for three years.

The candidate must follow the rules and meet the criteria laid down by the departments, in line with the admission policy of the University, as mentioned in Appendices A-F of this booklet.

The admission policy for Evening programs will be announced separately. Information is available in Appendix- G, on the website and in a separate prospectus.

In addition to the directions given in this booklet, all candidates for admission must abide by the rules mentioned in the University Code. Likewise, semester rules are applicable to all the students. Important semester rules are given in Appendices C & D.

PROGRAMS OFFERED

CRITERIA FOR PROMOTION TO NEXT HIGHER CLASS/DEGREE PROGRAM
To get promoted to the next higher class a student must clear 80% of the courses during each academic year.

A student, admitted to Honor’s program becomes eligible for admission to Masters Program only after completion of the Honor’s degree requirements

DURATION OF DEGREE PROGRAMS
The duration of various degree programs are as follow:

• One year for M.A./M.Sc./M.P.A. after completing Honors.
• One year for B.L.I.S. after Graduation.
• One year for M.L.I.S. after B.L.I.S.
• Two years for M.A./M.Sc./M.C.S./M.P.A./L.L.M.
• Three years for B.A./B.Sc. (Honors)/LL.B.
• Three and half years (3 ½) years for M.B.A.
• Four years for B.S./B.B.A./B.E./ Visual Studies (Textile Designing / Graphic Designing / Film / Animation / Fine Art / Industrial Designing / Islamic Arts/ Ceramic & Glass).

THE STUDIES SCHEDULE:

Each academic year is divided into two semesters (for details see the academic calendar) Page No: 131

• A student who is pursuing a 3 years Honors program in the Faculty of Arts and Social Sciences, Education, Islamic Studies and Science shall have to complete a total of 84 credit hours courses in 6 semesters (24 credit hours courses in the first year, 30 credit hours courses in the second and 30 credit hours courses in the third year).

• A student who has successfully completed the Honors degree can get a Masters Degree after studying 30 credit hours courses (15 credit hours’ courses in each semester).

• A student admitted to Masters (Previous) shall complete courses of 60 credit hours in two academic years (15 credit hours courses in each semester).

• Students admitted to the Faculty of Pharmacy and Pharmaceutical Sciences shall complete courses of 200 credit hours during the 5 years’ program.

REQUIREMENTS OF ATTENDANCE

A student is not allowed to appear in the examination of any course, if the attendance is below 75% (for details consult 'Semester Examination Rules', a booklet available from the University Bookshop).

STUDENTS’ CORNER

The University is well reputed for its multifaceted research and diversified campus life with world recognized laboratories, libraries, institutes and research centers. The main aim of the University is to provide students with the best amenities so as to compete with the international standards in the field of education.

OFFICE OF THE STUDENTS’ ADVISOR

“Students' Affairs office” is responsible for maintaining discipline among students. This office also provides help in academics, career planning, self-reflection and exploration of options and resources.

In addition, each department has a students' advisor, whose job is to coordinate and execute curricular and co-curricular activities, particularly students' week, which is celebrated every year.

OFFICE OF THE INTERNATIONAL STUDENTS’ ADVISOR

Admissions to students from abroad are made under two categories, one on “self-finance” and other under “Pakistan Technical Assistance Program (PTAP)” where the eligible candidate’s tuition fee is
subsidized (Note: Fee structure is different for Science, Pharmacy and Arts & Social Science faculties). Admissions under PTAP scheme are routed through Pakistan’s diplomatic missions abroad through advertisement and their respective missions.

The Advisor and staff members of Office of the International Students’ Advisor are committed to help international students regarding their issues such as health, accommodation, visa, transfer of credits, language, degree equivalence etc.

Note: The University also helps students from abroad to attain proficiency in the English language and also offers basic Urdu language courses before they become graduates. For further details regarding admission fee, language courses and admission process candidates are advised to contact the Office of the International Students’ Advisor (foreignstudents@uok.edu.pk).

STUDENTS’ GUIDANCE, COUNSELING & PLACEMENT BUREAU (SGCPB)
This office has the following major responsibilities:

A) GUIDANCE & COUNSELING
Guiding the students to attain professional competence is the pursuit of this office. Students can get information regarding the scope of their subjects and the job market available to them after obtaining their degrees. The SGCPB organizes various courses for Karachi University Students as well as students from within Pakistan and abroad. Tips are given to students regarding personal, social, psychological, ethical, and cognitive development.

B) PLACEMENT
The office plays an active role in the placement of students in different industries and other offices. The office has also maintained Annual Graduate Profile followed by organizing a Job Fair on the campus.

DISCIPLINARY COMMITTEE
The disciplinary committee consists of the members as mentioned in section 11 of the first statute framed under section 47 of the University Code. The Committee follows the procedure as provided in the above mentioned section. The committee is authorized to take the following actions against a candidate in case, if she/he is found indulging in subversive activities, committing any act of misconduct or acting in utter disregard of rules/regulations or acting against the interest of the state:

- Cancellation of the admission
- Impose fine
- Recommend penal action and,
- Report to the relevant authorities in case of candidate found indulging in subversive activities.
STUDENTS' FINANCIAL AID OFFICE (SFAO)

Despite the financial constraints, the University provides fee concession and scholarship to deserving students. The SFAO, situated in room # 2 at ground floor of the old Administration Block, provides the following financial facilitation to the regular (morning program) students of the University:

- Financial assistance to the deserving students from the university's own resources i.e. Fee concession.
- Need-based scholarship including monthly maintenance grant to deserving students through Higher Education Commission, Islamabad.
- USAID fellowship for needy undergraduate, graduate and post-graduate Students of Arts & Social Sciences Departments.
- Merit based scholarships from foreign companies / trusts / foundations: Mitsubishi Corporation International Scholarship, Japan.
- Fellowship program from POSCOT J Park Foundation, Korea.
- Interest-free loan schemes for morning and evening students through Ihsan Trust’s Qarz-e-Hasna loan scheme.

LIBRARY

The central library was built in 1964 and is situated behind the main administration block. In recognition of the services of the former Vice Chancellor, the library was renamed as “Dr. Mahmud Husain Library” in 1976. It is housed in a six-story building including a huge basement. This library is one of the largest libraries in the country. The collection comprises of 4,40,000 books, periodicals, references, handbooks, encyclopedias, government and archive documents dating back to 1600s.

The library proudly owns the personal book collection of Quaid-e-Azam Muhammad Ali Jinnah, the founder of Pakistan.

Moreover, each department and institute has its own seminar library that contains books related to their specific disciplines.

LATIF EBR AHIM JAMAL (LEJ) DIGITAL LIBRARY

This high-tech library provides updated access to e-books and journals.

BOOK BANK

The circulation section of the central library provides students with the facility to borrow books for one academic year. The books are issued after validation of the students' identity cards. The borrowed books are required to be returned to the Book Bank at the end of the academic session.
UNIVERSITY BOOK SHOP
The University Book Shop is situated at the back of the central library. Students can also buy files, folders, greeting cards, wrapping sheets, papers, graph books, practical journals, and other stationery items at reasonable rates.

CENTRALIZED SCIENCE LABORATORY
The centralized Science Laboratory is well equipped with modern and state of the art equipment. The aim of this laboratory is to facilitate research in different fields of science.

CAFETERIAS
The campus has one centralized cafeteria where students from different disciplines often gather and get the opportunity to exchange ideas with each other. Beside this, there are many other small canteens and food stalls situated on the campus where edibles and drinks are available at affordable prices.

ACCOMMODATION
The University also provides the facility of on-campus boys' hostel for international students only. The female international students are accommodated in a separate girls' hostel. A limited accommodation is available for local female students coming from different cities of Pakistan on first-come-first-served basis. If they are desirous of availing the facility of accommodation they should submit an application along with admission form before the admission in the international student office. Further information regarding accommodation facility may be obtained from the Provost of the hostel. The university also plans to establish a dormitory for MS/Ph.D. students.

TRANSPORT
The University provides limited pick & drop facility to its students from designated stations in the city. Schedule of routes is announced at the beginning of each semester by the Transport Office and is also available on the official website.

SPORTS:
The University offers comprehensive inter-university, inter-provincial and international level sports activities. Apart from grounds for cricket, hockey and football a well maintained gymnasium provides facilities for indoor games such as table tennis, basketball, volley ball and badminton.

HEALTH CARE:
The university has a clinic with five medical officers and well-trained paramedical staff. In case of an emergency, these arrangements provide first aid.

Department of

Arabic

Introduction
The department of Arabic University of Karachi, was established in 1955. Since its inception the department is enjoying the patronage of renowned scholars of international repute. From the outset, the Department started functioning under the auspicious headship of the renowned scholar Professor Allama Abdul Aziz Memoni. Highly qualified faculty members having vast experience enjoying good reputation are taking part in the dispersal of education.

The cautiously chosen syllabus considering the demands of the student and the existing period, offers excellent study of the ancient times and the contemporary era. It is indeed a confluence of ancient and modern Arabic Literature, Language and Linguistics. Besides academic activities, curricular and co-curricular activities are also stressed like extension lectures, debates, study tours, picnics and other function to reveal, enhance and polish the abilities and talent of the students. At present forty two (42) courses of Arabic Literature, Language and Linguistics are taught including computer and research methodology.

Facilities
The Department offers a number of facilities to its students so that they pursue their studies in a very conducive environment equipped with latest technology. It has a well stocked seminar Library almost on all relevant subjects, a Computer Lab equipped with computers of latest version with internet facility, and modern Audio Visual Aids.

Career Opportunities
The degree in Arabic would prove to be a key of success opening the doors of diversified fields such as teaching, translation, (academic, diplomatic and commercial etc.) and electronic media as well.

Department of Bengali

Introduction
Established in 1953, the department of Bengali at the University of Karachi offers regular programs at graduate and post graduate levels. These programs enable students to develop a meaningful understanding and appreciation of Bengali literature and its history beginning from the ancient to modern era.

Facilities
There are about 2000 books on Bengali literature in the seminar library.

Specific Research Areas
The students are required to produce research at various levels, ranging from short assignments to the optional final year thesis.

Career Opportunities
Students who graduate from this department are competent enough to enter the teaching profession for the subject of Bengali at primary as well as higher education levels. Furthermore, opportunities of working in a Bangladeshi banking sector, including Arif Habib Rupali Bank, and in various government departments are available to them. They may also go for research, or work as translators and interpreters.

Department of Economics

Introduction
The department of Economics is one of the largest departments in the Faculty of Social Sciences. It was established in 1950-51 with the enactment of the University of Karachi Act, at the old campus in the city, and was later shifted to its present location in 1960. Professor Newman Joseph Adams, an American national, was appointed as the first Chairman of the department. Due to its academic stance the department of Economics has the distinction of being recognized as a premier department in the country. Many of its graduates, have had secured key positions at various national as well as international organizations. It is because of these standards that the department was accorded with the honor of establishing a center of national capability in Economics by the name of "Applied Economics Research Center" through a grant from the Sindh Government.

Facilities
The seminar library has a good collection of books and periodicals related to Economics, Finance and Transport. In order to fill the gaps, inter-library books borrowing and lending facilities are also available with other major libraries in the city. The department has two well-equipped computer labs.

Specific Research Areas
The research interest of the teaching faculty includes: International / Global Economics; Monetary Economics; Islamic Economics; Innovation & Productivity; Globalization Economics Growth; Development Economics; Banking & Finance; Human Resource Management and Financial Economics.

Career Opportunities
Graduation from Economics Department provides an opportunity of fresh graduates to secure respectable positions in various national and international institutions. They include State Bank of Pakistan; Planning Commission; Ministry of Finance & Economics Affairs; national and private banks; research institutions and finance & brokerage companies; teaching positions in universities and colleges; and mid-career level managerial positions in national and multinational companies.

Department of
Library and Information Science

Introduction
Department of Library Science, established in 1956, was the first ever to offer a professional degree in Pakistan. Masters in Library Science (M.L.S.) has been offered since 1962. Since 1982 the Department has been known as Department of Library and Information Science, and information control / management became an integral part of the studies. Computer lab for practical training was established in 1984. Ph.D. Program of the Department was initiated in 1967.

The founder Chairman, Dr. Abdul Moid was the first Ph. D. holder in Library Science from the USA (1964). He was also the Chief Librarian of Karachi University Library (presently Dr. Mahmood Hussain Library). The Seminar library of the Department, inaugurated in 1985, is named after him.

Facilities
The Department of Library and Information Science has a well-stocked seminar library, a practical lab for cataloguing and classification and well equipped computer lab having 34PCs with the facility of networking and Internet. Multimedia, slide projectors, sound system and other equipment are available for academic and co-academic activities.

Specific Research Areas
Research is actively pursued by the faculty in their respective fields of interest. The students are required to produce research at various levels, ranging from short assignments to the optional Final year thesis.

Career Opportunities
As knowledge and information is needed by everyone everywhere, all types of academic / research/ professional institutions need librarians. The need of a trained person to control and to search relevant information in modern times has become a necessity. Opportunities for outgoing students are open in public and private sector and packages offered are better in comparison to other professions. In government offices, BLIS / BS degree holders are offered 16/17 (BPS) and MLIS 17 (BPS) and above.

Faculty Members
Associate Professor
- Dr. Munira Nasreen Ansari (Chairperson)

Assistant Professors
- Dr. Farhat Hussain Khan
- Ms. Naveed-e-Sehar
- Dr. Riffat Parveen Siddiqui
- Mr. Muhammad Waseem Zia

Lecturers
- Mr. Rashid Ali
- Ms. Rabia Aslam

Programs Offered
- B.A. Hons
- BLIS
- MLIS
  (Students who have completed their BLIS and MLIS are awarded separate degrees for each programme)
- M. Phil.&Ph.D.

Department of

Mass Communication

Introduction
Established as Department of Journalism in 1955 with a diploma course for working journalists, it was renamed as Department of Mass Communication in 1985. The department was established with an aim to produce qualified and trained journalists and media professional to cater to the growing needs of the media industry. A full-fledged M.A. program replaced the diploma program in 1962 to modernize media education in the country.

Facilities
The department has sufficiently equipped six teaching and training labs, TV lab, news lab, advertising lab and two computer labs, (one each for Urdu and English). The department runs FM Radio channel which provides a training base for the students in radio broadcasting.

Career Opportunities
Students have wide ranging job opportunities in the growing industry including media and advertising and public relations. Some of the students conveniently find positions in private sector FM radio and TV channels and print media even before passing out.

At both Bachelors and Masters level the department offers specialization in three different streams;
- Print Media
- Electronic Media
- Advertising and Public Relations

Department of
Persian

Introduction
The department of Persian was established in 1955 with a view to provide facilities for advanced studies and research in the fields of Persian language and literature with emphasis on the literature produced in the Indo-Pak subcontinent and to familiarize the younger generation of this country with the history, language and literature of Iran. Persian has been the second language of the Islamic World for centuries and is primarily known in Europe for its unique literary tradition which has produced some of the greatest epic, narrative and lyric poems of world literature. It is also known as the lingua franca of the cultural and political elite in the early modern Indian Sub-continent. Though its historical significance alone makes Persian worthy of study, it is also an important Modern Language. Modern Persian has gone through several stages of transformation since the mid nineteenth century, and is a creative, flexible language which has established itself as the national language of such geopolitical and economically important countries as Iran, Afghanistan and Tajikistan.

It is also spoken in several neighboring countries, including Bahrain, Uzbekistan and Turkmenistan among others. Pakistan has a historic relationship with the Persian language and has a rich heritage in this language. To keep in touch with our cultural and literary heritage the teaching of the Persian language is very essential.

Seminar Library
The Seminar Library has a stock of more than 8000 books and 1500 journals.

Specific Research Areas
- Persian Prose and Prose Writers
- Persian Poetry and Poets
- Literary History of Persian Language in Iran, Afghanistan and South Asia
- Persian Sufistic Literature
- Persian Language Grammar
- Literary Theories and Criticism

Career Opportunities
A wide range of opportunities are available to the graduates of the Persian in Public sector organizations and private institutions such as Media, Advertising agencies, Translation and Interpreting Bureaus, Teaching and Research institutions, Foreign and Information Ministries etc.

Department of 
Political Science

Introduction
The department of Political Science was established in 1952. It has since then initiated programs for the award of research degrees of M. Phil. and Ph.D. in Political Science and its allied fields.

The Department of Political Science has been playing an important role in the overall development of the University. It has been the mother of the Department of International Relations, Sociology and Public Administration. At present the department is second in the Faculty of Social Sciences, after Economics, in terms of the number of students enrolled.

Facilities
The department has a fully functional Seminar Library with over 2000 books. Most of the books are recent publications in the subject in both English and Urdu. The library also offers dailies, periodicals and research journals for reading to its students. Moreover, there is a well equipped specialized Library with latest books and periodicals in all the areas relevant to Public Policy. The Library maintains a reference section which has a reasonable collection of books for ready reference. Thus the Library provides a very supportive environment for research activities.

Computer Lab
The Computer Lab is equipped with high speed computers, printers and scanner facilities. These computers are networked with a server and a stand by server. Audio/ Visual aids including multimedia option are used during presentations/lectures. Internet access is also available to the students.

Specific Research Areas
Global Politics, Political Economy, International Relations, Comparative Politics, Islamic Political System, Government and Politics of Pakistan, Western Political Theory, Foreign Policy Theory and practice with reference to India, USA, UK, China and the Muslim countries.

Career Opportunities
In addition to teaching and research positions in academic settings, Political Science degree holders are prepared for careers at all levels of government as well as journalism, International business, International risk analysis and Political campaign organization their skills of surveys and statistical analysis is in high demand in the public and private sectors. Their knowledge and scientific education on current affairs, both national and international, caters to the needs of the job market especially competitive exams.

Department of Psychology

Introduction
The department of Psychology came into existence in 1954 under the Chairmanship of Professor Dr. Qazi Aslam. It gradually attracted both students and teachers with the result that teaching and research psychologists like Dr. Haseen Uddin Zuberi, Dr. S. M. Hafeez Zaid, Dr. Farrukh Z. Ahmed, Dr. Afzal Imam and Dr. M. Wasim led the department to its present academic heights. It has now become one of the leading departments in the Faculty of Social Sciences.

Since 1956, the teaching and practice of Clinical psychology has enjoyed popularity both amongst teachers and students of the department.

Teachers of the department are also members of the Sindh Psychological Association and the Pakistan Psychological Association. They further act as subject specialists in the Provincial and Federal Public service commission for the appointment of teachers in colleges. Seminars, lectures, mental health camps, conferences and professional development courses, etc. are arranged for the students so that they remain updated with current activities and will be able to grow intellectually.

Facilities
The department's library has a collection of over 800 books. This large collection includes latest Books, publications and encyclopedias. The department is fully equipped with audio-visual aids for meeting the instructional needs.

Department of

Sindhi

Introduction
The department of Sindhi was established in 1972. It started with a master's program only, but later on Honours, certificate and diploma programs were also introduced.

The Department also offers Sindhi as a compulsory subject in lieu of Urdu in B.A./B.Sc. and B.Com. (Hons) IIInd year in 2007 like other Departments of University of Karachi, Sindhi Department also started BS Four years program and MS/Ph.D. While the Balochi Language certificate Programme is also administrated by Sindhi Department. The curriculum is regularly revised and updated by introducing the latest literature being produced by authors so that students can be kept well aware. Regular literary lectures are arranged to inspire the students and to make them aware of practical criticism, and develop skills of expressing their opinion. For the same purpose, scholars and critics are invited regularly for extension lectures. Interaction with literary with literary figures is a regular feature of the department’s activities. Besides, the department also organizes excursions for students to various historical places for their close first hand interaction with history thus giving students a chance to triangulate their knowledge from books, observations and their own interpretations.

Facilities
- Well-stocked seminar library
- Projectors for presentations
- Spacious well-equipped class rooms
- Auditorium for conference and seminars

Career Opportunities
The graduates find various openings of their career including teaching at secondary, higher secondary and higher educational institutions, with a boom in media industry, now they also join various electronic and print media outlets.

Department of

Sociology

Introduction
The department of Sociology was established in 1960. Sociology is the scientific study of society and human behavior. This is the core discipline of social sciences. The study of sociology aims at analyzing the patterns, trends and attitudes of human behavior deriving their causes and predicting the future of the behavioral patterns in society. The areas covered by sociology includes community development, social organization, human management, health and medical aspects, industrial, agricultural, rural and urban development, demography, human rights, social psychology, social structure, economic development and interaction among different people around the world.

This field tries to examine the organizational structure of society and the influence it has on the social, political and religious ideas of the members of society. It encompasses the study of the organization and business. It attempts to analyze the reaction and management of social groups as well as the factors which lead to their breakdown. Sociological research reveals, the multi-faceted nature of Social reality, its multiple causes and multiple effects provide us well sets of methods suitable for unraveling the complexities of social life. The study of sociology helps us to determine which steps are most likely to lead towards given goals.

To meet the academic demands of society, Programs in Criminology and Population Sciences were initiated under the umbrella of the department of Sociology. Graduates from the department have adopted a wide range of careers. Most have excelled in their profession and have joined public and private institutions. The study in the department is well organized. The teaching faculty includes experienced Professors, including those with degrees from foreign universities. Research work is a hallmark of the department. Seminar and workshops are important characteristics of the department which are organized frequently.

Facilities
The seminar library contains over 3000 books, journals, magazines and other national and international periodicals. The department has a well equipped computer laboratory, which provides assistance in almost all aspects of the use of information processing facilities. Ethnological Museum plays a pivotal role in the study of art and culture. It contains more than 500 precious artifacts and serves as a cultural laboratory.

Career Opportunities
Sociologists are employed in industries, trade, association labor unions, foundations and fairly in large numbers by research organizations and administration. Newly emergent careers in many programs have developed in recent years like, Training Program, Foreign aid program, Humanitarian Organization like UN, national and international NGOs. Furthermore, sociologists can work as hospital management administrator, Public Administration Assistant, Rural health worker, Census Research Assistant, Consumer Researcher, Data Analyst, Demographer, Market Researcher, Statistician, Survey Research Technician, Correctional Counselor, Criminal Investigator, Juvenile Court Worker, Parole Officer, Rehabilitation Counselor.

Department of Social Work

Introduction
The Department of Social Work was established in 1961 and it has continuously responded to the societal and corporate needs by developing trained professional social workers. The department boasts of having very successful alumni.

The department strives to strike the right balance by creating a strong base of theoretical inputs combined with a rigorous Industrial /NGO exposure of nearly 12 credit hours, through the fieldwork training which is an important part of the curriculum. Through this training, students are provided opportunities to integrate their theoretical knowledge with the practical world and enquire hands on experience to deal with the variety of complex societal problems as challenges. The students are placed in government and non government organizations for obtaining knowledge in the fields of community development, school social work, and medical social work. The students of M.A. final year are bound to carry-out research projects (Thesis) to be submitted at the end of the year.

Facilities
The Department of Social Work has a well stocked library with more than 1000 books, theses, journals, reports and periodicals. Department is also equipped with an Audio Visual Lab recently named as “Abdul Sattar Edhi Research Lab.”

Specific Research Areas
The research activities are related to all the social problems at large. Community development, public health issues as well as institutional studies are allied research areas.

Career Opportunities
Job placements for social work graduates are:
- Administrative positions in National and International NGOs
- Planning and Development organizations
- Urban and Rural Community Development Projects
- Family & Child Welfare
- Criminology and Correctional Administration
- School Social Work
- Ministry of Social Welfare and special Education
- Women Development
- Bait-ul-Mal Department
- Medical Social Service Projects, CDGK, RCD projects, Jails, etc.

Department of

Urdu

Introduction
The department of Urdu officially came into existence in 1955 when the University of Karachi decided to organize postgraduate classes in Urdu under its own management instead of through the colleges.

At the time of its establishment, Moulvi Abdul Haq, Baba-e-Urdu was made honorary Professor and the Chairman of the Department. Teaching responsibilities were carried out by the teachers of local colleges. Later Dr. Ghulam Mustafa Khan, a prominent scholar and Professor at Urdu College Karachi, was appointed both as a cooperative teacher and as the Chairman of the department. In the same year, Dr. Abul Lais Siddiqui was appointed as a Reader and Chairman and Dr. Abdul Qayyum, Dr. Syed Shah Ali, and Qudratullah Fatimi joined as lecturers.

With the valuable efforts and abilities of these teachers as well as the scholars and teacher who joined the department later on, the Department has kept making progress. The following famous academics have been associated with the Urdu department: Dr. Syed Abul Khair Kashfi, Dr. Farman Fatehpuri, Dr. Aslam Farrukhi, Prof. Jameel Akhtar Khan, Dr. Haneef Fauq, Dr. Younus Hasni, Shamim Ahmed, Prof. Sahar Ansari, Dr. Vaqar Ahmed Rizvi, Dr. Sidiqa Arman, Dr. Moinuddin Aqeeqand Dr. Zafar Iqbal.

The department of Urdu has a prominent position in the University of Karachi for research. Over 100 Scholars have completed their Ph.D. research program and more than forty projects are in progress.

In addition to regular teaching and lectures, co-curricular, literary and academic activities and gatherings are also organized frequently.

Career Opportunities
- Teaching, Print and Electronic Media
- Research & Academic Organizations
- Advertising (Copy Writing)
- Creative Writing, etc.

Teaching and Assessment
Teaching at the Department combines lectures, group Discussion and class presentation. Students are also given writing assignment and selected final year students are required to submit a dissertation carrying 200 marks.

Introduction

The Department of Visual Studies graduates innovative and award-winning designers, architects, film makers and artists who are making their mark in the professional world. The Department sees itself as a bridge between tradition and innovation. Courses are interdisciplinary and contextualized. Students are encouraged to widen their experience and engage with the larger issues within which they will practice. A strong theory component alongside practical and professional courses distinguishes the curricula of the Department. A dedicated faculty supported by visiting faculty from professional fields and the university’s own pool of excellent scholars, provides training that is current and professional.

We live in a rapidly changing world that needs responsible solutions for its many unfolding challenges. The graduates of the Department of Visual Studies have the opportunity to influence social perception, the built environment, and determine the cultural legacy of their times. They are encouraged to develop analytical skills, and measure their designs against their social, cultural, economic and environmental impact.

UNIVERSITY OF KARACHI

FACULTY OF LAW
School of Law

Introduction
Education is the foundation of knowledge and knowledge is the light which shuns the darkness of ignorance. Legal education is also a vital part of that phenomenon as through this education a civilized and organized society comes into existence. Legal education is still very popular and bound to become so with job opportunities of law persons increasing consequently upon economic liberalization and globalization of legal services. However the present organization of legal education is not able to cater to the needs and demands which are changing from time to time. With this end in view the University of Karachi has established its School of Law with the following aims and objectives.

- To train law students in the real dynamics of what will be the real relevant decisional structure, influencing their outcome and in assisting other people in changing goals and developing strategies to achieve these goals in diverse contexts.
- To give quality education in law.
- To provide sound knowledge and training in the legal theory and practice to fulfill the requirements for the legal profession and administrative jobs.
- To equip the law students with specialized legal studies relating to commercial, business and public affairs so that a product of such education would be able to contribute towards national development and social change in a much more constructive manner.

Facilities
Today library is said to be the 'heart of law school' and one of the most important element in training law students and in providing faculty members with materials for research and study. School of Law has one of the finest Seminar Library containing Law Reports, Text Books and Law Journals.

The Computer Lab is equipped with high speed computers, printers and scanner facilities. Audio/Visual aids including multimedia option are used during presentation/lecturers.

Clinical Legal Education
At present the traditional system of legal education which concentrates much on reading of books, class room lectures and little on moot courts and court visits etc does not meet the requirement of the modern education. Therefore for the development of scientific temperament of the students empirical approach is being followed in the Faculty by giving due importance to clinical legal education.

Career Opportunities
The demand for lawyers with expertise will continue to grow with the passage of time. The legal field is constantly redefining itself by adding new areas to the practice. For every job in law, analytical ability, research, writing skills, and the knowledge of the basic differences in the world's legal systems as well as their political and cultural contexts is essential.

The available career paths for a lawyer can be broken down into law firms, federal government, corporate counsel, international organizations and non-profit groups.

Note: The terms and conditions imposed by the Pakistan Bar Council as amended from time to time shall be binding on all students.

Faculty Member
Professor

- Dr. Ghaus Muhammad
  (Dean Faculty of Law & Director)

UNIVERSITY OF KARACHI

FACULTY OF PHARMACY & PHARMACEUTICAL SCIENCES
Department of Pharmacognosy

Introduction
The department of Pharmacognosy was established under faculty of pharmacy in 1973. Since inception the department has been serving as a backbone for the various branches of pharmaceutical sciences.

Pharmacognosy derives its origin from two Greek words, pharmakon (drug), and gnosís (knowledge). It is the study of natural bioactive substances obtained from terrestrial and marine plants, animals, microbes and minerals, for their physical, chemical, biochemical and biological properties, their taxonomy and ethnobiology. Pharmacognosy is one of the major areas of pharmaceutical sciences, a highly interdisciplinary science, linked to phytochemistry, microbial chemistry, biosynthesis, biotransformation, chemotaxonomy, biotechnology and other biological and chemical sciences. Research in Pharmacognosy provides for the discovery of lead compounds for drug development, new methods of analysis for drugs, toxins and herbal preparations.

The objective of the department of Pharmacognosy is to educate students about the natural sources of medicines, their pharmacognostic and phytopharmacological attributes, chemical and spectroscopic profile of isolated molecules and their development as modern pharmaceutical products.

During the past five decades it shared with the other departments to produce more than 5000 B.Pharm and about 1885 Doctor of Pharmacy graduates. The department of Pharmacognosy always endeavored to promote higher education which resulted in 57 M. Pharm, 48 M. Phil and 55 Ph.D. graduates. The active faculty members collectively produced more than 28 books, wrote hundreds of research papers in well-reputed journals at national and international levels.

Facilities
The department has three labs at under graduate level and two graduate level. These are well equipped to conduct the lab work at both levels. The students can work on latest spectrophotometer, PCR, HPLC, lyophilizer, rotary evaporator, incubator, oven, flash chromatography, distillation assembly, two channel recorder, Plethysmometer, Analgesia meter and soxhlet apparatus.

Specific Research Areas
Natural products, clinical studies, standardization of herbal products, formulations, isolation of natural products, analysis of marine and terrestrial flora and fauna, ethnopharmacognosy, natural toxicants, nutraceuticals, cosmeceuticals.

Career Opportunities
The graduates from various programs offered by the department can work in both modern and herbal pharmaceutical organizations, ministry of health, WHO, various drug regulatory bodies, research organizations and teaching institutions.

Faculty Members
Professor
- Dr. Iqbal Azhar
  (Dean, Faculty of Pharmacy and Pharmaceutical Sciences)

Associate Professor
- Dr. Muhammad Mohtasheem ul Hasan
  (Chairman)

Assistant Professors
- Ms. Farah Mazhar
- Dr. Maryam Ahmed

Lecturers
- Mr. Salman Ahmed
- Ms. Safia Abidi

Programs Offered
- Doctor of Pharmacy (Pharm. D)
- M. Pharm.
- M. Phil.
- Ph.D.

Department of Pharmacology

Introduction
The Department of Pharmacology has been one of the important Departments in the Faculty of Pharmacy & pharmaceutical Sciences since 1973, not only sharing a major load at the under graduate level but also preparing students to fill the gap by suitably qualified manpower in the field of Pharmacy at Post graduate levels. The current expansion of the Department and graduate programs in the areas of modern pharmacology including Neuropharmacology, Toxicology and Biochemical Pharmacology and Pharmacology of natural products will be expected to place the Department among high research ranking Departments of the University.

The major academic objectives of the Department is to facilitate basic and applied research, educate under-graduate and graduate students in various disciplines to achieve academic excellence. Department of Pharmacology has so far produced the highest number of Ph.Ds in the faculty of Pharmacy & Pharmaceutical Sciences, and a large number of M. Pharm. MS. & M. Phil. students. The Department is composed of highly competent primary faculty, research faculty and technical support staff.

Facilities
- The Department of Pharmacology laboratories are well equipped to conduct the experimental courses of Pharmacology, Physiology, Biochemistry and Pathology.
- Separate Research labs are also available for research students equipped with instruments required for research work.
- Computer and internet facilities have been provided so students can have easy access to latest information and data.

Specific Research Areas
- Neuropharmacology
- Toxicology
- Biochemical Pharmacology
- Cardiovascular pharmacology
- Psychopharmacology
- Pharmacology of natural products

Career Opportunities
After completion of M. Pharm / MS / M. Phil. & Ph.D. in the field of Pharmacology successful, candidates will be able to perform duties in following areas:
- Research
- Education
- Hospital Pharmacies
- Pharmaceutical Industry
- Drug testing laboratories

Faculty Members
Professors
- Dr. Rafeeq Alam Khan (Meritorious)
- Dr. Rahela Ikram

Associate Professors
- Dr. Syeda Afroz (Chairperson)
- Dr. Afshan Siddiq

Assistant Professors
- Ms. Tasneem Mariam Sajid
- Dr. Sadia Ghousia Baig
- Dr. Nuzhat Sultana
- Dr. Azra Riaz
- Dr. Saira Saeed Khan
- Dr. Shadab Ahmed

Programs Offered
- M. Pharm / MS / M. Phil. & Ph.D.

For Further Enquiry
Telephone: 99261300-06 Ext-2206

Department of

Pharmaceutical Chemistry

Introduction
Department of Pharmaceutical Chemistry is one of the most important academic units of the Faculty of Pharmacy. This department deals with the Physical and Chemical aspects of Pharmaceuticals, so as to inculcate students with the understanding of drug designing, drug development, quality control, drug stability, pharmacokinetics and principles and methods of analysis. At the graduate level, courses are designed to equip the students with strong background of the subject and provide in-depth knowledge of chemistry related to physiology, pharmacology, biochemistry and molecular biology. At present there are Ten full-time Faculty members among which eight are Ph.D. degree holders.

Facilities
Department is dedicated to provide sound education in the field of pharmaceutical chemistry. The curriculum focuses on laboratory experience supported by highly qualified and experienced professionals with well equipped labs. Presently three labs are working dealing with synthesis, analytical and instrumental experimental work. For postgraduate students, two full fledged research labs are operating in the Research Institute of Pharmaceutical Sciences (RIPS) providing facilities regarding drug designing, drug development, drug stability, and analysis and method development.

Specific Research Areas
Department of Pharmaceutical Chemistry offers M.Phil, and Ph.D. programs to the graduate students. Experienced and actively growing research groups are working in the disciplines of drug designing and development, product and process development of drug, analytical aspects of drug, Nanotechnology, kinetic studies and drug stability. Groups of researchers are working with different research institutes, industries and organizations which promote many areas of collaborative research studies. Department has the honor of producing the first M.Pharm, the first M. Phil., the first Ph.D. of this Faculty and up till now 30 Ph.D's and more than 80 M.Phars and M.Phils have been produced by the department.

Career Opportunities
Pharmacists have varied and tremendous career opportunities. They can go in production, quality control, marketing and regulatory affairs department of different pharmaceutical industries. They can also work as a part of a healthcare team comprising doctors, pharmacists and paramedical staff. As part of this team they can play an effective role as a drug expert able to select best treatments for managing patient care. A-part from these, there is anumber of opportunities available in administrative and general management sites in government health department. One option available to pharmacists with higher degree is that they can join teaching and research in Universities and other research organizations.

Faculty Members
Professors
- Dr. Nousheen Mushtaq (Chairperson)
- Dr. Faiyaz H. M.Vaid
- Dr. Afaq Ahmad Siddiqui
- Dr. Mansoor Ahmed

Associate Professors
- Dr. Sohail Hassan
- Dr. Asia Naz

Assistant Professors
- Mr. Ameer Hassan
- Dr. Shazia Haider

Lecturers
- Ms. Rubina Siddiqui
- Ms. Urooj Nazim

Programs Offered
- M. Phil.&Ph.D.

Department of Pharmaceutics

Introduction
The department covers 24 courses spread over five years of Pharm-D. program. The department is actively involved in pharmaceutical research that covers all aspects of pharmaceutical sciences offering M.Pharm and Ph.D. programs. Till date, the department has produced 100 M. Phil, 172 M. Pharm and 35 Ph.D. scholars in different disciplines of pharmaceutics.

The department of Pharmaceutics has its history as old as the history of the faculty of pharmacy itself. The Faculty of Pharmacy was first founded in 1964 as a department under the faculty of science in University of Karachi by the now known as Father of Pharmacy Professor Dr. S.M.S. Zoha. In the year 1973, the status of the department was approved as a faculty with four distinctive departments one of which was the department of pharmaceutics.

Facilities
- Laboratories
- Research Laboratories
- Computer Laboratory
- Seminar Library

Specific Research Areas
- Formulation Development
- Formulation optimization and improvisation
- Pharmaceutical Microbiology
- Novel drug delivery system
- Nanotechnology
- Bio-Pharmaceutics and Pharmacokinetics
- Bioavailability
- Physical Pharmacy
- Clinical Pharmacy and Pharmacy Practice

Career Opportunities
The scope of pharmacy all over the world is very promising in which the graduate in pharmacy find himself in a very prestigious and professional status to serve the society in different disciplines of the field as a health care professional. After obtaining graduation degree from the faculty of pharmacy the students have the opportunity to join hospitals where they would be drug experts taking right decisions about the safe use of medicine, in community as one of the beneficial members of the society, and in pharmaceutical industries that have the largest proportion of openings in different departments of the industry. Similarly, he could also join governmental jobs where he regulates the drug portfolio and establishes policies regarding the drug usage and regulatory matters, in pharmaceutical journalism, in academia where he would be in a highly prestigious assignment to train and produce more pharmacists. A pharmacist would also find good opportunities in research and development where one can satisfy his enthusiasm to participate in pharmaceutical research as a scientist. And that is not all; there are too many job opportunities and career enhancing chances for pharmacist abroad.

Faculty Members
Professor
- Dr. Muhammad Harris Shoaib

Associate Professors
- Dr. S.M. Farid Hasan (Chairman)
- Dr. Rabia Ismail Yousuf
- Dr. Iyad Naeem Muhammad
- Dr. Farya Zafar

Assistant Professors
- Dr. Sabahat Jabeen
- Mrs. Rehana Saeed

Lecturers
- Ms. Sadaf Farooqi
- Mr. Kamran Ahmed
- Ms. Faaiza Qazi
- Ms. Hafsa Nasar
- Ms. Tazeen Husain
- Mr. Farrukh Rafiq Ahmed

Programs Offered
- M. Pharm
- MS
- M.Phil.& Ph.D.

UNIVERSITY OF KARACHI

FACULTY OF MANAGEMENT & ADMINISTRATIVE SCIENCES
Karachi University

Business School

Introduction
Karachi University Business School (KUBS) was established in 1999-2000 after Institute of Business Administration (IBA a constituent of University of Karachi) was declared autonomous degree awarding institution.

KUBS within short period of time has become a well-established institution with good reputation and high image in the business world. KUBS is presently offering a number of programs, namely BBA Four Years, MBA Three & a Half Year, MBA One &a Half Year, MBA Two & a Half Year, MBA Executive Two & a Half Year program MS & PhD program. KUBS also provides wide ranging exemption from different renowned bodies.

The mission of KUBS is to educate the leaders who make a difference in this time of extraordinary change throughout the world. We, at KUBS, are committed to impart general management education focusing on building a deep understanding of business, teaching with skill and passion. We intend to imbibe a spirit of entrepreneurship and creativity among our students and prepare them for a global community that is increasingly reliant on technology.

KUBS was recently awarded the Asia’s 2nd Best Business School Award under the category of "Innovation Leadership Award" for its tremendous contribution to the field of Business Management in the form of its high achieving graduates who are working in various reputable organizations across the globe. Business schools from 25 countries were nominated and awarded under various categories.

Facilities
Karachi University Business School (KUBS) is located in newly built, spacious and well equipped building. KUBS provides industry specific learning experience based on Pakistan business environment. A large number of books can be borrowed from department’s library. Students can also consult Dr. Mahmood Hussain Library that has a good number of books on business and professional journals. KUBS also houses a well-established Ph.D. & Research Program.

Career Opportunities
Great opportunities in the field of Banking, Finance, and Marketing in national and multinational organizations are available and our graduates are in great demand and highly paid jobs are offered to them with swift placement.

Faculty Members
Professor
- Dr. Tahir Ali
  (Dean Faculty of Management & Administrative Sciences)

Associate Professors
- Dr. Muhammad Asim (Chairman)
- Dr. Danish Ahmed Siddiqui

Assistant Professors
- Ms. Shahnaz Baloch
- Dr. Shameel Ahmed Zubairi
- Mr. Shaikh Muhammad Fakhre Alam Siddiuqi

Lecturers
- Ms. Kausar Qureshi
- Ms. Syeda Nazneen Waseem
- Mr. Omar Ahmed Shaikh
- Mr. Sohaib uz Zaman
- Ms. Sarah Anjum
- Ms. Sidra Farooq
- Mr. Hammad Zafar
- Mr. Muhammad Muzammil

Programs Offered
- BBA (4 Years)
- MBA (3.5 Years)
- M.S. & Ph.D.

Department of Commerce

Introduction
The department of Commerce has been imparting quality research oriented business education since 1974. In order to keep pace with the dynamic world of business and business education, the department of Commerce has brought a change in its curriculum which is in compliance with the courses which are demanded by the business world. The students are capable of acquiring good jobs both at national and international level.

The department has been instrumental in providing candidates with thorough knowledge and understanding of the principles of commerce and business.

Career Opportunities
The mission of the department of Commerce is to equip students with analytical tools required for business management in the contemporary competitive world and to provide students with opportunities to explore new business vistas.

Faculty Members
Assistant Professors
- Dr. Zaeema Asrar Mohiuddin (Incharge)
- Dr. Hasan Raza
- Dr. Sadaf Mustafa
- Mr. Muhammad Arfeen Siddiqui

Lecturers
- Ms. Ayesha Fareed
- Mr. Muhammad Farrukh Aslam
- Ms. Rukshinda Begum
- Mrs. Syeda Kanza Nisar

Programs Offered
- BS (4 years)
- M.Com.
- MS, M.Phil.&Ph.D.

Department of

Public Administration

Introduction
The department of Public Administration prepares exceptional students for leadership positions in government, business and civil society. With its academic programs emphasizing academic excellence and practical orientation, the department has quickly occupied a unique position in the University of Karachi after being established formally as a department in the year 1995. The objective of DPA is to approach the issues relating to the stewardship of common goods with an interdisciplinary approach. It tries to work at the intersection of economics, business, law, political and social sciences.

Career Opportunities
The department of Public Administration aims to cater to the need of the times, and to impart such skills to its graduates which can be called upon under ever-changing circumstances. DPA has a strong Alumni network which is the strength of the department. Having received training in leadership skills, sociopolitical analysis and management, the graduates of the department are serving at leading positions within the public and corporate sector, academia, research institutions and media. To increase opportunities for the students, DPA organizes annual job/ career fairs, mentorship programs, alumni network sessions and career counseling sessions.

Specific Research Areas
The department of Public Administration conducts analytically rigorous and theoretically informed research within the following fields:
- Urban Governance
- Public Policy and Policy Analysis
- Local Government Development Strategies
- Financial Management
- Marketing Management
- Human Resource Management
- Supply Chain Management
- Management Information System

Facilities
The Department of Public Administration is equipped with a state-of-the-art spacious building that comprises of multiple lecture rooms, presentation rooms, conference hall, well-equipped computer lab, seminar library and research lab.

Faculty Members
Professors
- Dr. Akhtar Baloch (On Lien at Benazir Bhutto Shahid University)
- Dr. Khalid M. Iraqi (Chairman)
- Dr. Syed Shabib ul Hassan

Assistant Professors
- Dr. Syed Shahid Zaheer Zaidi
- Dr. Saima Akhter
- Dr. Ghazal Khawaja

Lecturers
- Mr. Mustafa Hyder
- Ms. Tehmina Faisal

Programs Offered
Morning Program
- BPA (Hons.)
- MPA
- M.Phil.&Ph.D.

Evening Program
Degree Program
- BPA (Hons.)

Masters Programs
- MPA
- MHRM
- MAS after PGDPA
- MHRM after PGDHRM
- MSCM after PGDSCM

Diploma Programs
- PGD HRM
- PGDPA
- PGDPPA
- PGDSCM

Department of Chemical Engineering

Introduction
Bachelor of Chemical Technology programme was initiated in 1987 in the Department of Applied Chemistry. The programme was upgraded and the Department of Chemical Engineering / Technology was established in 2004. Since 2007 Department of Chemical Engineering has been providing teaching and training facilities in the field of Chemical Engineering to undergraduate students. Its graduates are being accredited by Pakistan Engineering Council (PEC).

Chemical Engineering deals with the application of natural and mathematical science for the conversion of raw material on Industrial scale into compatible marketable products without polluting the environment.

The syllabus has been designed to provide maximum emphasis on core Chemical Engineering subjects. However there are also several courses on interdisciplinary Engineering subjects. The syllabus approved by various statutory bodies of Karachi University is in line with the recommendations of HEC/PEC.

Facilities
The department is equipped with appropriate number of laboratories and workshop facilities to conduct practicals as per prescribed course outline.

Career Opportunities
There exists a wide scope of employment opportunities for Chemical Engineers from International companies to small locally based industries, from Petro-chemicals to Textiles.

Faculty Members
Assistant Professors
- Dr. Shagufta Ishtiaque (Incharge)
- Dr. Muhammad Yasir Khan
- Engr. Mr. Adeel ur Rehman

Lecturers
- Engr. Mr. Muhammad Saqib Ali
- Engr. Mr. Muhammad Furqan Ali
- Engr. Mr. Kashif Hussain
- Ms. Kehkashan Nawaz
- Engr. Mr. Ahsan Abdul Ghani
- Engr. Ms. Mehwish Altaf
- Mr. Obaid ur Rehman
- Mr. Muhammad Shoaib Salim

Program Offered
- B.E. in Chemical Engineering

UNIVERSITY OF KARACHI

FACULTY OF

SCIENCE
Department of

Agriculture & Agribusiness Management

Introduction
The department of Agriculture launched as BS-Program in Agriculture in 2004 and acquired the status of the department in 2006. It was renamed as the Department of Agriculture and Agribusiness Management in 2008. The Department offers specializations in agribusiness management, plant protection and plant pathology.

Agribusiness is an important and ever expanding industry in Pakistan. It combines the study of agricultural sciences with the management skills providing an understanding of economic and business principles and their application to Agribusiness. The program aims to develop a range of personal and transferable skills and critical appreciation of the techniques to assist effective execution of the agribusiness management function.

It cannot be denied that the implementation of proper pest and disease management strategies can be helpful in increasing the crop yield and ultimately boosts the economy of the country. The courses offered for specialization in plant pathology or plant protection enable the students to acquire in-depth knowledge of pest and diseases affecting crop, vegetable, fruit and ornamental plants in the country and make them aware of the management strategies to overcome the problem in ecofriendly manner.

Career Opportunities
Specialization in Agribusiness management is helpful in getting jobs in farm business related to national and multinational organizations as managers, consultants, supply chain coordinators and accountants. It also provides an opportunity to enter self-employment immediately after graduating, largely within the farming or food sectors.

Specific Research Areas
The department is actively engaged in research related to Entomology, Mycology, Plant Pathology and Agribusiness. Several research students are also enrolled for M.Phil.&Ph.D. programs. Faculty members and research students regularly publish research papers in journals of national and international repute.

Facilities
The department is well equipped with modern teaching aids. It also has facilities for research on topics related to fields of entomology, mycology, plant pathology and Agribusiness. The department's seminar library has a good collection of books related to agriculture and agribusiness that students can have easy access to.

Faculty Members
Professor
- Dr. Saleem Shahzad (Meritorious)

Associate Professor
- Dr. Saboohi Raza (Chairperson)

Assistant Professors
- Dr. Muhammad Faheem Akbar
- Mr. Muhammad Talha Azeem
- Dr. Amjad Sultan
- Mr. Shahan Aziz
- Dr. Shugufta Sahar
- Dr. Muhammad Shahid
- Dr. Abdul Qayoom

Programs Offered
- BS with specialization in Agribusiness Management or Plant Protection and Plant Pathology
- M.Phil.&Ph.D.

Department of

Applied Chemistry & Chemical Technology

Introduction
The department of Applied Chemistry and Chemical Technology was established in 1971. Our 47 Years of rich experience of interaction with chemical industry enables us to provide a tradition of teaching & research. The courses have been designed keeping in view the need of the chemical industries of Pakistan and a large number of foreign qualified and professionally industry-experienced faculty along with eight dedicated chemical process and operations lab keeps us distinct and unmatchable to local universities offering similar programs. Special emphasis has been put on important chemical industries in Pakistan such as fertilizers, petroleum refineries, cement, sugar, polymer & plastics, pharmaceuticals, textiles, and leather. Due consideration has been given to important aspects of chemical engineering unit operations / unit processes, quality control & instrumentation, chemical process principles, chemical reaction engineering, design engineering, material engineering, maintenance and environmental engineering. The syllabi offered in four years BSc/MSc program impart an extraordinary theory/practical training through thirty courses where students go through more than 130 practicals in our specialized lab. Hence the graduates of this Department serve the wide range of product/product development needs of the chemical industries of Pakistan and abroad and are amongst the top management of half of Karachi’s chemical, textiles, food and treatment industries.

Career Opportunities
Excellent job opportunities exist in industries of Pakistan, abroad and research opportunities exist within the department.

Facilities
Seminar Library equipped with most recent books, e-library section, computer lab DSL internet digitally equipped classrooms accessing facility, state of the art laboratories for undergraduate and graduate level courses.

Faculty Members

Department of

Applied Physics

Introduction
The Applied Physics department was established in 1971. The objective was to teach and train students to meet the growing technological needs of the industries of Pakistan in the area of Applied Physics. Over the years emphasis has shifted toward Electronics and semiconductor technology because of the growing demand of technologically advanced industries in Pakistan. The syllabus has been continually updated to keep abreast with development in the technology.

Our objective is to prepare students to take on challenges of the fast growing technologies in the field of Electronics and Semiconductors. The curriculum provides in depth understanding of the subject such as Analog and Digital Electronics, Industrial Electronics, Semiconductor Devices, Communication systems including Microwave and optical fiber communications.

Microprocessor/Microcontroller and Digital Signal processors (DSP) are hubs of intelligent electronic systems including computers and almost all state-of-the-art equipment used in communications. Industrial and Medical applications also use these devices. A comprehensive scheme of study and application is provided for these subjects.

To teach practical aspect of electronics and give hands-on experience, laboratories have been equipped with latest equipment. Students are required to spend a considerable time in the laboratories to develop in depth understanding of the subject they study in classes. For this purpose separate laboratory courses are designed. The laboratory training begins with circuits related to basic Analog Electronics, progressively performing experiments on Digital Electronics, Industrial Electronics and finally developing a single board computer based on microcontroller. The students are also trained on Programmable Logic Controllers (PLC) through the use of software and hardware simulators. Similarly, they are trained in the field of communication using Communication training kits.

Facilities
There has been continuous up-gradation of laboratories in the department. In addition to general purpose laboratories where students perform experiments on circuits based on Analog and Digital Electronics, separate laboratories are established for training. These include Computer Laboratory which is equipped with latest branded computers connected through LAN. Communication Laboratory has trainersto train students on Microwave and Optical fiber communication systems. Programmable Logic Controller (PLC) is equipped with PLCs from Siemens and Ge-Fanuc. Students use Software and Hardware simulators to develop and verify programs. Cargo lift, Conveyor belt and process models have been developed indigenously that are controlled by the PLC. Embedded systems laboratory is facilitated with software and hardware tools such as VHDL, Electronic Design automation to develop embedded systems. Computer Controlled (CNC) PCB prototyping machine, Logic Analyzer, FPGA and DSP kits are available for development of applications. Semiconductor Research Lab, has instruments such as thin film coating unit, CV analyzer, Spectrometer, Lock-In-Amplifiers etc. for research in the field of semiconductor.

Career Opportunities
A wide range of employment opportunities are available to the graduates of the Applied Physics, from public sector organizations to multinational and national industries and research organizations.

Faculty Members
Assistant Professors

Department of Biochemistry

Introduction
The department of Biochemistry, established in 1962, is the pioneer independent department of our country. Since its inception, the department has shared the University of Karachi's goals of excellence in research and education. Traditionally known for strength in major areas of molecular biology, genetics, cell biology, biotechnology and bioinformatics, the current faculty is continuing to broaden its representation and reputation in other areas, most notably, Clinical Biochemistry, Enzymology, Hematology, Immuno-chemistry, Genomics, Molecular Biophysics, Neurochemistry, Neuropharmacology, Biotechnology, Nutrition and Proteomics.

Career Opportunities
Excellent career opportunities exist for students acquiring a degree in Biochemistry. Our graduates are working in multinational industries, teaching and research organizations, Pharmaceutical industries, Biomedical industries, Forensic science laboratories, hospitals, clinical laboratories and different public and private sector industries.

Graduates can also pursue an M.Phil. or Ph.D. in universities in Pakistan and abroad in areas such as clinical research, drug development, Nutritional Sciences, Bioinformatics and Biomedical Science.

Specific Research Areas
- Clinical biochemistry
- Drug targeting and development
- Molecular Biology and genetic engineering
- Biotechnology
- Biophysics
- Bioinformatics
- Enzymology
- Neuropharmacology
- Molecular neurochemistry
- Proteomics and Genomics
- Nutritional science
- Psychopharmacology
- Toxicology

Facilities
Dr. Zain Memorial Library of the department of Biochemistry has the latest collection of books on Biochemistry with over 100 biochemistry related journals in print and/or with on-line access.

Computing Facilities:
Numerous research and other student groups operate computing clusters for research needs and coursework.

Equipment Facilities:
The department is equipped with cutting edge techniques like PCR, High Performance Liquid Chromatography, Column Chromatography, ELISA, Spectrophotometer, Electrophoresis, Flame Photometry, Freeze Drying, Fluorimetry and Ultra centrifugation etc.

Faculty Members
Professors
- Dr. Tabassum Mahboob (Meritorious) (Chairperson)
- Dr. Samina Bano
- Dr. Saeeda Haider
- Dr. Farhat Batool
- Dr. Shamim A. Qureshi
- Dr. Shah Ali ul Qadar

Associate Professors
- Dr. Hajra Naz
- Dr. Sadaf Naem
- Dr. Erum Shireen

Assistant Professors
- Dr. Sajjad Haider
- Dr. Sadia Saleem
- Dr. Faizan ul Hassan Naqvi
- Dr. Huma Ikram
- Dr. Mohammad Noman Syed
- Dr. Yasmeen Raashid
- Dr. Mohammad Farhan
- Dr. Syeda Fizza Hassan Naqvi
- Dr. Tooba Lateef
- Dr. Ayesha
- Dr. Uzma Urooj

Lecturers
- Ms. Beena Hassan
- Mr. Khuwaja Ali Hasan

Programs Offered
- B.Sc. (Hons.)
- M.Sc.
- M. Phil.&Ph.D.

Department of Biotechnology

Introduction
Department of Biotechnology was established in 1996 by Professor Dr. Tashmeem F. Razzaki with an objective of imparting quality education in the multidisciplinary field of Biotechnology at graduate level. For many years this was the only Department across Pakistan offering graduate degree in the subject.

Biotechnology is the application of biological systems or processes to improve the value of materials or organisms for the benefit of mankind. Biotechnology offers technological solutions for many of the challenges facing the world ranging from curing of disease to xenotransplantation, nourishing the hungry to design newer food products, generating power to conserve energy, increasing magnitude to newer traits of crops, exploring metabolic prospective of microbes to exploit their potential, modeling of drugs to the development of regenerative and personalized medicine, conservation of cells to cryonics and recycling wastes to develop new bioscience products. To address these challenges, departmental laboratories are well equipped with state-of-the-art sophisticated instruments for the training of the students.

Career Opportunities
Graduates of this dynamic discipline have a wide variety of career opportunities in teaching and research institutes, pharmaceutical organizations, forensics and clinical laboratories, tissue culture laboratories, agro-based industry, food industry, polymer and textile industry, cosmetic industry, fuel industry, environmental organizations, forestry, fisheries, wildlife department, horticulture department and processing, certifying and patenting companies. Graduates are also trained to venture small to various level of entrepreneurship.

Specific Research Areas
The department is involved in vibrant research activities i.e. protein purification, enzyme production, characterization and immobilization, cell and tissue culture, biotransformation and metabolomics, screening of microorganisms for industrially important metabolites and viral diagnostic research.

Faculty Members
Professor
- Dr. Mustafa Kamal

Associate Professors
- Dr. Raheela Rahmat Zohra (Chairperson)
- Dr. Saif Ullah

Assistant Professors
- Ms. Syeda Mariam Siddiqua
- Dr. Shafaq Aiyaz Hassan

Lecturers
- Ms. Shumaila Rashid
- Ms. Erum Hanif
- Ms. Mahnaz Ahmed
- Ms. Ayesha Kamran
- Ms. Shumaila Samad Khan

Programs Offered
- B.Sc.(Hons.)
- M. Sc.
- M.Phil. & Ph.D.

Department of Botany

Introduction
The Department of Botany, University of Karachi was established in 1953. The University at that time was located at Chand-Bibi Road, near Civil Hospital, Karachi. When the University moved into its present premises on 18th January 1960, the Department of Botany was initially located in 2 barracks. The present building of the Department of Botany with laboratories, lecture rooms and an auditorium was constructed in the late 1960s.

The Department offers over 70 different courses at undergraduate, post graduate and Ph.D,levels to cater to the human resource requirements for teaching and research in the fields of education, agriculture, environment, NGOs, research organizations, pharmaceutical and other industries. In first and second year, the students start their studies taking Botany as a major subject together with 2 subsidiary subjects from other Departments of the University.

In 3rd and 4th years, instead of the subsidiary subjects, they are required to study major subjects within the field of Botany. In M.Sc. Final, the students specialize in one of the branches of Botany which include: Applied Botany, Mycology & Plant Pathology, Plant Physiology, Plant Ecology, Phycology & Marine Botany and Plant Taxonomy.

Career Opportunities
Specialization in different branches of plant sciences offered by the Department is helpful in getting jobs in agriculture based organizations, research institutions, teaching in various colleges and universities and in environmental NGOs like WWF and IUCN.

Facilities
The Department has well equipped laboratories for undergraduate, graduate, post graduate and Ph.D studies and a vast collection of books and research papers in the Seminar library. Department of Botany has also established computer lab for fast track searching of study materials. It provides facilities to students for research on topics related to different fields of plants sciences. The Karachi University Herbarium in the Department of Botany has a vast collection of plant specimens collected from different regions of Pakistan, in addition to a large collection of specimens of algae and fungi. Department of Botany has established Shameel memorial library, Stress physiology and phenomics center and Biosaline research lab and experimental field for research and productivity.

Specific Research Areas
Faculty members are working in six specialized fields of plant sciences and are endeavoring to enhance knowledge of plant world. Following are the specific research areas:
1. Classical Taxonomy, Chemosystematics, Cytogenetics and Medicinal plants.
3. Phycology, Marine Botany and Economic Importance of Seaweed.
5. Plant Physiology, Plant enzymology, Biosaline Agriculture, Stress Physiology and phenomics.
6. Plant Ecology, Dendrochronology and Environmental Pollution, Halophytes utilization.

Members of the teaching staff have completed about 50 research projects with the support of national and international funding agencies. Currently several research projects are in progress. More than 2500 research papers have been published in journals of international repute by the teachers and researchers of the Department. The Pakistan Journal of Botany and International Journal of Biology and Biotechnology are also published from the Department of Botany, University of Karachi.

Faculty Members
Professors
- Dr. Syed Ehtesham ul Haque
- Dr. Aliya Rehman (Chairperson)
- Dr. Shahnaz Dawar
- Dr. Rubina Abid

Associate Professors
- Dr. Seemi Aziz
- Dr. Zamin Shaheed Siddiqui
- Dr. Sharf-un-Nahar
- Dr. Sadaf Gul
- Dr. Laila Shahnaz
- Dr. Aisha Begum

Assistant Professors
- Dr. Asma Hanif
- Mrs. Rubina Iqbal
- Dr. Neelofar Hamid
- Mrs. Amna Ahmed
- Dr. M. Faheem Siddiqi
- Dr. Muhammad Azeem
- Dr. Naeem Ahmed
- Mrs. Maria Hamid
- Dr. Afshan Rehman
- Dr. Afshar Ather
- Dr. Hafsa Asma Shafique
- Dr. Muhammad Waseem Abbasi
- Dr. Muhammad Yousuf Adnan

Lecturers
- Ms. Sana
- Ms. Hira Ejaz

Programs Offered
- B.Sc. (Hons.)
- M.Sc.
- M.Phil.&Ph.D.

Department of Chemistry

Introduction
Chemistry is a noble central science which helps to understand the origin of life and suggest ways to use non-living things for giving comfort to life. To train the young generation and to direct their approach to accomplish this task easily, it is necessary to make the students understand the principles underlying the composition, structure and properties of substances along with the transformation that they undergo. It is therefore obvious that chemical orientation cannot be imparted in isolation and has to be developed through a cocktail of physics and biology, Maths and biology on one hand and engineering and applied sciences on the other. The Department of Chemistry, University of Karachi is well equipped for pursuing this goal having skilled and proficient faculty, well equipped laboratories and other infrastructure.

The Department of Chemistry is one of the oldest Departments of University of Karachi. When the university was shifted to its present location, the department occupied one of the few newly constructed buildings and is still housed there for the last 65 years.

Career Opportunities
A person with a B.Sc. (Hons.) / M.Sc. degree in Chemistry has a wide choice of employment opportunities especially in one of the many industries listed below and researchinstitutions that are emerging in the country. These include; Textile Industry, Pharmaceutical Industry, Clinical Laboratories, Oil Refineries, Chemical Industry, Paint Industry, Cement Industry, Beverages & Food Product Industry, Analytical & Instrumental Service, agencies, Polymer Industry.

Specific Research Areas

Facilities
There are several libraries in the University of Karachi, which hold chemistry books and related technical journals. These also include Department of Chemistry’s own Seminar Library. This library has a stock of about 10,000 books and research journals on various fields of Chemistry. The Department of Chemistry is equipped with many modern instruments for training students for challenging careers and research. These include, pH/Ion meters, conductometers, polarimeters, refractometers, potentiometers, electrochemical analyzers, HPLC, atomic absorption spectrometers, UV-Visible spectrophotometers, FTIR Spectrometers, Guoy Balance for magnetic susceptibility measurements, flame photometers, computers, deionizers, analytical balances, ovens, furnaces, centrifuges as well as a substantial stock of glassware and chemicals. A modern instrumental laboratory has been furnished to house the new atomic absorption spectrometers, HPLC, GC, GC-MS nuclear magnetic resonance spectrometer as well as some other modern instruments. These and other instruments were acquired through a generous grant of Rs.39.95 million provided by the Higher Education Commission. The Department of chemistry has internet available in almost every teachers room/research lab, which is to the central facility through a fiber-optic link. Furthermore, the department also has a well equipped computer lab for 45 students.

Faculty Members

Professors
• Dr. Majid Muntaz (Chairman) • Dr. Hafiz Tahir
• Dr. Nasreen Fatima • Dr. Rafia Saeed
• Dr. Muhammad Nasir Uddin Khan • Dr. Rehana Saeed
• Dr. Uzma Ashiq • Dr. Shaikh Muhiuddin
• Dr. Erum Zahir • Dr. Masooda Qadri

Associate Professors
• Dr. Sumayya Saied • Dr. Rifat Ara Jamal
• Dr. Firdous Imran Ali • Dr. Shazia Nasir
• Dr. Itrat Anis • Dr. Raheela Naz
• Dr. Syed Tariq Ali • Dr. Zahid Hussain

Assistant Professors
• Dr. Humaira Bano • Dr. Munawwar Rasheed
• Dr. Imran Ali Hashmi (On lien at CEMB) • Dr. Naushaba Rafiq
• Dr. Tehseen Ahmed • Dr. Sumyia Masood
• Dr. Syed Nawazish Ali • Dr. Qurat ul Ain
• Dr. Agha Arsalan Wasim • Dr. Hamida S. Muhammad
• Dr. Mohsin Ali • Dr. M. Asad Khan Tanoli
• Dr. Saba • Dr. Nizam Uddin
• Dr. Parveen Fazil • Dr. Safi Asim Bin Asif
• Dr. S. Muhammad Saad • Dr. Maria Ashfaq Lodhi
• Dr. Noor Sab Qamar • Dr. Sadaf Iqbal
• Dr. Nida Ali • Mr. Muti ur Rehman
• Dr. Azhar Siddiqui • Dr. Balal
• Dr. Fakhruin Nisa Memon

Lecturer
• Mr. Muhammad Saad

Programs Offered
• B.Sc. (Hons.)
• M.Sc.
• M. Phil.&Ph.D.

Department of

Computer Science

Introduction
Since its inception, 32 years ago, the Department of Computer Science is imparting quality education in various Computer Sciences, Information & Communication Technologies and related disciplines. The Department of Computer Science was established by a resolution of Academic Council in its meeting held on November 27, 1984 and began functioning in the academic year 1985-86 by offering a two year degree program, Master of Computer Science (MCS). Then in 1996, it started 4-year undergraduate program; BS (Computer Science), and a two year graduate program; MS (Computer Science) as well as Ph.D. (Computer Science). The Department is also offering BS (Software Engineering) since last 16 years.

Alumni of the department are serving top international and national organizations, governments, science and technology institutions and other organizations for their business as well as development and research. Many of them have created unconventional state of the art solution needed by industry; own University-Spinoff companies, authors of books published by world renowned publishers.

The faculty and alumni have published and presented hundreds of research papers in reputed journals and conferences.

Career Opportunities
Excellent career opportunities exist for the graduates of Department of Computer Science. More than 80% of graduates are immediately hired by top ranking software houses and other institutions. Top software houses are in contact with the department and conduct job tests and hire students even before their graduation. We are proud that our graduates are working in top international organizations and there are graduates who become entrepreneurs and run their own entrepreneurial businesses.

Facilities
Computing Facilities
The new building of the Department of Computer Science (UBIT) is fully equipped with latest technology for students to get hands-on experience on different platforms of both hardware and software fields of computer science. Each lab is equipped with latest high end user computing facilities. The internet facility is available round the clock in all the labs, which enables students and faculty members to keep in touch with the latest trends in academic and the corporate world. The department is continuously upgrading the computing infrastructure according to the market demands. Following labs are functioning in the department:

- Graphics and Multimedia Laboratory
- General purpose Computing Laboratory

Seminar Library
The department also provides an in-house seminar library facility which contains more than a thousand books on computer science/IT and related disciplines along with IT/CS magazines, international research journals and periodicals.

Specific Research Areas
More than 300 Research Articles have been published by faculty members of this department. The department has also produced Ph.Ds during the past few years and over 25 candidates are on their way to the completion of their MS (CS) and Ph.D. (Computer Science) research work. Our research areas include: Artificial Intelligence, Soft Computing, Neural Networks, Advance Database systems (temporal and fuzzy), MIS, Computer Networks, Network Security, Parallel & Distributed Computing, Natural Language Processing, image processing, graphics vision and machine learning.

Faculty Members
Associate Professors
- Dr. M. Sadiq Ali Khan (Chairman)
- Dr. Nadeem Mahmood
- Dr. Tahseen Ahmed Jilani

Assistant Professors
- Mr. Badar Sami
- Dr. Syed Jamal Husain
- Mr. Hussain Saleem
- Mr. S.M.Khalid Jamal
- Mr. Farhan Ahmed Siddiqui
- Dr. Syed Muhammad Zain Abbas
- Dr. Muhammad Saeed
- Mr. Syed Asim Ali
- Dr. Humera Tariq

Lecturers
- Ms. Erum Shahid
- Ms. Shaista Rais
- Ms. Madiha
- Ms. Maryam Feroz
- Mr. Naveed Anwar
- Mr. Muhammad Sajid
- Mr. Taha Bin Niaz
- Ms. Humaira Bashir
- Mr. Jamil Ahmed

Programs Offered
- BS(BSCS) Computer Science (Morning/Evening)
- BS(BSSE) Software Engineering (Morning/Evening)
- MCS (Morning/Evening)
- PGDCIS (Evening)
- M.S. Computer Science
- M.Phil.&Ph.D.

Department of 

Food Science & Technology

Introduction
The department of Food Science & Technology was established in 1994 to cater to the needs of the fast growing food industries in the country and also to meet the ever growing demand for food scientists and technologistsin government, research and educational establishments. Over the years, the department has developed linkages with universities in Germany, UK and U.S.A. The Department has also been involved in organizing workshops, seminars, conferences and training courses. Presently it enjoys a very good rapport with both national and multinational food companies of Pakistan.

Career Opportunities
- Food Technologist
- Food Engineer
- Food Analyst
- Production Manager
- Quality Control/Assurance Manager
- Food Safety Inspector
- Food Researcher
- Research and Development Manager

Facilities
Laboratory Facilities
The new building of the Department has eight major laboratories equipped with all basic facilities. The laboratories included Food Engineering, Food Chemistry, Food Microbiology, Food Quality, Food Analysis, Food Biochemistry and Post-Harvest, Food Analytical and Computer/I.T. These laboratories are equipped with state-of-the-art sophisticated instruments namely Differential Scanning Calorimeter, Universal Testing Machine, Visco-Amylograph, Bomb Calorimeter, UV Visible and Near Infra Red Spectrophotometers, Polarimeter, Atomic Absorption, Gas and High Performance Liquid Chromatography.

Specific Research Areas
- Post-Harvest lives of fruits and vegetables
- Edible films and coatings
- Modified Starches
- Antioxidants
- Flavonoids

Faculty Members
Professors
- Dr. Muhammad Abid Hasnain
- Dr. Jehan Ara
- Dr. Syed Asad Sayeed (Chairman)

Associate Professor
- Dr. Shahina Naz

Assistant Professors
- Dr. Rahmanullah Siddiqui
- Ms. Faiza Abdur Rab
- Dr. Feroz Alam
- Dr. Tahira Mohsin Ali
- Dr. Muhammad Abdul Haq
- Dr. Zubala Yasir
- Dr. Syed Muhammad Ghufran Sayeed
- Dr. Anum Nawab
- Dr. Lubna Mobin

Lecturers
- Ms. Marium Shaikh
- Ms. Abeera Moin

Programs Offered
- BS
- M.Phil.&Ph.D.

Department of Genetics

Introduction
The department of Genetics was established in 1969 at the University of Karachi. The department has highly qualified faculty members and takes great pride in maintaining an intellectual atmosphere in order to promote learning.

Career Opportunities
Graduates of the department have job opportunities in hospitals, universities and industries. Many of the former students are also serving various organizations in foreign countries.

Facilities
The department maintains an in-house seminar-library as well as computer clusters in the Bioinformatics Lab. In addition to the regular teaching laboratories, there are four research laboratories equipped with modern and latest apparatus for research students. Some in-house recreational facilities are also available for healthy activities of students.

Specific Research Areas
Various research projects have been completed successfully in the department and many others are in progress, including the ones on human genetics, plant genetics and microbial genetics. The Department also enjoys collaboration in research with many foreign and local universities including other departments of the University of Karachi. The outcome of the research has been published in various reputed international journals.

Faculty Members
Professors
- Dr. Maqsood A. Ansari
- Dr. Uzma Badar

Associate Professors
- Dr. Obaid Yusuf Khan (Chairman)
- Dr. Fouad Masood Qureshi
- Dr. Simeen Mansoor Shahid
- Dr. Erum Shoaib

Assistant Professors
- Dr. Shakeel ur Rehman Farooqui
- Dr. Nadia Khan
- Dr. Shumaiza Anis
- Dr. Rifat Ahmed

Lecturers
- Ms. Ayesha Riaz
- Ms. Sarwat Afshan
- Ms. Aribah Naz

Programs Offered
- M.Sc.
- Diploma in Applied Genetics (Evening)
- M. Phil.&Ph.D.

Introduction
The Department of Geography is one of the pioneer departments of University of Karachi, established in November 1952. Internationally recognized geographers and teachers including the young and enthusiastic faculty members have eminently served the Department. The Department has an excellent academic history. Prof. Dr. Manik B. Pithawala as the first Chairman (leading author of local geographical literature, with more than 35 excellent books), followed by Prof. Oskar Schmieder, a leading German geographer also served as Chairman in the Department followed by the leadership of top eminent Geographer of South Asia, Prof. Dr. Iqtidar H. Zaidi (1985-1988). The Department of Geography has been providing teaching and research facilities in various fields of geography for the last 65 years and produced outstanding graduates serving Pakistan and abroad in organizations of international repute. It also organizes Graduate and Post Graduate courses including MS /M.Phil and Ph.D. programs. It is the only Department among all Universities of Pakistan which has hosted International Geography Union Conference. Moreover it also hosted 2nd, 7th and 13th all Pakistan Geographical Conferences in the years 1967, 1997 and 2008 respectively. Recently, in January 2017 a grand International South Asian SURE Conference was organized by the Department. This Department has the honor to produce the largest number of Ph.D./M.Phil. graduates in Pakistan (about 60). The prime objective of the Department is to conduct pragmatic geographical research both in domain of physical and social sciences. The ultimate product of the Department always remains beneficial and helpful in planning, managing, allocating, distributing and evaluating sectors of Pakistan. Department of Geography has strong linkages with Humboldt University (Germany), University of Salzburg (Austria), Hamburg University (Germany), University of British Columbia, Canada and University of Georgia (USA).

Career Opportunities
Geography graduates with Master’s degree generally find useful employment in many major fields, i.e., education, environment, administration and private organizations. Development authorities and agencies throughout the country utilize their specialty and expertise. In particular government departments, i.e., Survey of Pakistan, GSP, Statistical Bureaus, Population Census, SUPARCO, Archeological Department, Meteorological Department, Planning Commission, and provincial departments of planning and development have employed geographers for their special skills. Private consulting firms and non-governmental Organizations (NGOs) also utilize the expertise of geographers. There are various fields of applications in Pakistan where geographers can excel successfully.

Facilities
Department of geography has
- A separate building (Housed in 21 rooms including Lecture rooms
- Well-equipped Remote Sensing GIS Labs.
- Dr. I. H. Zadi Lab. of Digital Image Processing.
- GIS Lab.
- Remote Sensing GIS Lab.
- Cartography Lab.
- Seminar Library
- Survey Equipment Store
- Meteorological Observatory
- Abdur Rauf Khan's Prehistoric Museum

Specific Research Areas
- Advanced Cartography
- Agricultural Geography
- Agro-Climatology
- Arid Lands: Desertification and Management
- Disease Ecology
- Ecology of Natural Resources
- Environmental Geography
- Geographical of Transportation
- Geography of Recreation and Tourism
- Water Resource Management
- GIS Lab.
- Remote Sensing
- Regional Planning and Development
- Metropolitan Transportati
- Transportation Geography
- Political Geography
- Rural Geography
- Population Geography
- Oceanography
- Urban Ecology
- Urban Land use and Planning
- Management of Water Resources
- Natural Hazards and Disaster Management

Faculty Members
Professors
- Dr. Syed Jamil Hasan Kazmi (Meritorious)
- Dr. Farkhunda Burke
- Dr. Shamshad Akhtar (Chairman)
- Dr. Sheeba Afsar

Assistant Professors
- Dr. Saima Shaikh
- Dr. Anila Kausar
- Dr. Yasmeen Anis
- Dr. Salman Zubair
- Dr. Lubna Ghazal
- Dr. Imran Ahmed Khan

Assistant Professors
- Dr. Safia Shaikh
- Dr. Anila Kausar
- Dr. Yasmeen Anis
- Dr. Salman Zubair
- Dr. Lubna Ghazal
- Dr. Imran Ahmed Khan

Programs Offered
- B.A./B.Sc. (Hons.)
- M.A./M.Sc.
- MS/Ph.D. in Remote Sensing & Geographical Information System (RS/GIS) (Evening)
- M.Phil.&Ph.D.

Department of

Geology

Introduction
The department of Geology, in University of Karachi is one of the oldest institutions for teaching geology in the country. It started functioning in 1954 under Prof. Dr. Maneck B. Pithawala, a renowned geologist of pre-partition days and the author of the book “Geology and Geography of Karachi”.

The journey of progress and development is still continuing since the establishment of the department. Staff members after obtaining higher degrees and advanced trainings, impart their experience and knowledge to the future geologists. The department is determined to keep the pace of development of the field of geology and has introduced a variety of subjects like, Geochemistry, Petroleum Geology, Geo-morphology, Sedimentology, Marine Geology, Economic Geology, Hydrogeology, Engineering Geology, Geophysics and Environmental Geology.

The department of Geology has produced a large number of graduates. Most of our graduates hold key positions in national and multinational organizations and have made significant contributions in their fields of specialization. Department has good history in producing M. Phils. and Ph.Ds. A number of research projects in collaboration with national institutions and multinational companies are in progress. Staff members of the department have also published numerous research articles in journals of national and international repute, having high impact factors.

Career Opportunities
There is a wide field of applications for young geologist in the country. The majority of earth science graduates are engaged in oil and gas sector, either in the exploration or services companies. Other important job opportunities are available in mineral exploration organizations. Employment in mineral based industries is also one of the most promising fields of work. Geology graduates are also sought after by the geochemical, geophysical, geotechnical consultancies and soil and foundation investigations. The job prospects in hydrogeology, environmental, engineering geology and urban planning are growing rapidly. Global Information System (GIS) and remote sensing are innovative fields of interest for geologists. Recently, alternate energy sectors have (coal, wind, solar, geothermal etc.) opened up new horizons of working. Some graduates prefer to stay in the academic and R&D worlds as teachers and researchers. Graduates also have career in GSP, PCSIR, HDIP, PPL, OGDCL, WAPDA, NIO, PMDC, coastal development authorities and offshore oil exploration companies.

Facilities
The department has an impressive geology museum, which houses a large collection of valuable rocks, fossils and mineral specimen. The department has a wide range of advance laboratory facilities. There are well-equipped research/ teaching geochemistry, geophysics, petrology, environmental, economic, marine and engineering geology laboratories. Department also has a seminar and a reference library with a reasonable collection of books and journals.

Department also organizes technical lectures and seminars, conducted by professionals to develop sound knowledge and skills in the students for their career building. Students also participate in student chapters of many renowned/ learned societies of geological orientation such as AAPG, PAG, SPE, KUGAA & SEG.MITE. Geological field works in the selected areas of the country as an essential part of curriculum are conducted by the faculty for student’s practical training.

Specific Research Areas
- Geochemistry
- Sedimentology
- Hydrogeology
- Petroleum Geology
- Petrology
- Geophysics
- Economic Geology
- Marine Geology
- Environmental Geology
- Engineering Geology

Faculty Members
Professors
- Dr. Shahid Naseem
- Dr. Erum Bashir (Chairperson)

Assistant Professors
- Mr. Muhammad Bilal
- Dr. Salma Rafi
- Dr. Sadaf Naseem
- Dr. Adnan Khan
- Mrs. Sadaf Ismail
- Mrs. Maria Kaleem

Lecturers
- Mr. Muhammad Arsalan
- Ms. Shellah Bano
- Ms. Bushra Shahab
- Ms. Maria Kaleem

Programs Offered
- B.Sc. (Hons.)
- M.Sc.
- M.Phil.&Ph.D.

Department of
Health, Physical Education &
Sports Sciences

Introduction
The department was established in 1996. Initially it introduced one year Masters program in physical education after Bachelor of Physical Education (B.P.ED).

The 2-year Masters program was introduced in 2001. The department introduced B.Sc.(Honors) Program in January 2012.

The department of Health, Physical Education & Sports Sciences provides students with knowledge and skills to enable them to achieve a degree of autonomy in developing and maintaining their physical, mental, social and emotional health. The subject matter focuses on the importance of a healthy lifestyle and physical activity in the lives of individuals and groups in society.

Career Opportunities
Our graduates can teach physical education in public and private schools, coach school-based sports and work in many other sports and recreation related careers.

A master's degree in Health, Physical Education & Sports Sciences will prepare graduates to teach physical education at a public and private high school/college/University, or become a Director/Deputy Director of Physical Education Program, an athletic trainer or a fitness instructor. Furthermore, people with a physical education degree could work in city parks and recreation departments.

Facilities
The department is equipped with all the required practical facilities. A variety of sports facilities including playing fields for cricket, hockey, football and athletics, a squash court and indoor games facilities in the campus gymnasium are also available.

Every year competitive sports for both male and female students are organized at inter-departmental, inter-collegiate and inter-university levels through a variety of sports like hockey, football, cricket, badminton, athletic, etc.

The department plans to establish a fully equipped Human Performance Laboratory to incorporate the latest techniques and performance analysis methodologies.

Specific Research Areas
The Department of Health, Physical Education & Sports Sciences has a broad scope for qualitative as well as quantitative research in the field of Kinesiology, Exercise Physiology, Socioeconomic impact of Physical Education, Curriculum development etc.

Faculty Members
Associate Professor
- Dr. Basit Ansari (Chairman)

Assistant Professors
- Mr. Mazahir Zia Shaikh
- Mr. Humayun Imran Azeemi
- Ms. Shazia Tabassum

Lecturers
- Mr. Kunwer Muhammad Asif
- Mr. Muhammad Wasif Nisar

Programs Offered
- B.Sc. (Hons.)
- Doctor of Physical Therapy (DPT)
- M.Sc.

Department of Mathematics

Introduction
The Department of Mathematics was established in 1956. Prof. Dr. Suleman Kerawala was the Founder Chairman. Many new courses including Applied Abstract Algebra, Biomathematics have been introduced to highlight the application of Mathematics in different fields. The mission of the Department is to bring life to Mathematics and Mathematics for life. Areas of Pure Mathematics, Applied Mathematics and Interdisciplinary Mathematics are being pursued in teaching and research. At all levels, students are instructed in the rigor and precision characteristics of Mathematical Reasoning. They are facilitated to become acquainted with the elementary tools of Mathematics and the techniques to use them. The Department has many Ph.D. faculty members which regularly publish their research work in National and International Journals.

Career Opportunities
Our graduates have been employed in the Educational, Financial, Industrial and Commercial Institutes. They can opt for any of the following professions: High School Mathematics Teacher, College Mathematics Professor, Actuary, Software Designer, Biostatistician, Government Lab Researcher, Financial Analyst, Industry Analyst/Engineer, Education Materials Developer, Industry Consultant at Supraco etc.

Facilities
The Department offers peaceful environment and provides all modern facilities to students. This is the second largest Department of the Faculty of Science, with three-story building consisting of many rooms, computer laboratory with internet facility and seminar library having three thousand books. To keep the students informed and updated with the latest developments in the modern era, Department organizes seminars and workshops for faculty members and students. The Faculty Members and students actively participate in local, national and international mathematical activities and conferences.

Specific Research Areas
The Faculty is engaged in research in the following areas:
- Algebra
- Astrodynamics
- Fluid Dynamics
- Mathematical Physics
- Numerical Analysis
- Operations Research
- Relativity and Gravitation
- Climate Dynamics
- Mathematical Inequalities and Applications
- Time Scale

The Ph.D. program facilitates young researchers in getting the experience necessary to do original research in areas of their interest.

Faculty Members

Associate Professor
- Dr. Najeeb Alam Khan (Chairman)

Assistant Professors
- Dr. Mushtaq Ahmed
- Mr. Muhammad Javed Ansari
- Dr. Syed Ahmad Khan
- Mr. Waseem Ahmed Ansari
- Ms. Saba Naz
- Mr. Tanveer Ahmed Siddiqi
- Dr. Muhammad Imtiaz
- Dr. Syed Inayatullah
- Dr. Muhammad Ayaz
- Dr. Asif Raza Khan
- Dr. Fozia Hanif
- Dr. Saqib ur Rehman
- Dr. Syed Ahmed Hassan

Lecturers
- Mr. Shahid
- Mr. Asif Iqbal
- Ms. Hafsa Ather Jafree
- Ms. Noor Fatima Siddiqui
- Ms. Samreen Ahmed
- Ms. Samira Sahar Jamil
- Mr. M. Usman Qureshi
- Ms. Mehwish Shafi Khan
- Ms. Samia Sahar Jamil
- Ms. Aghzia Akram
- Ms. Asma Rani
- Ms. Hina Zaheer
- Mr. Ateeq Razzak
- Mr. Salman Safdar
- Ms. Sumayyah Saadi
- Ms. Wajiha Riaz
- Ms. Aghzia Akram

Programs Offered
- B.A./B.Sc.(Hons.)
- BS Financial Mathematics
- M.A./M.Sc.
- M.Phil.&Ph.D.

Department of Microbiology

Introduction
The Department of Microbiology was established in 1957. This was the first and only department of Microbiology, for many years in this country, offering undergraduate and postgraduate degrees.

Microbiology is a broad discipline with both basic and applied aspects. Therefore, microbiologists must have a good understanding about microbial taxonomy, genetics, immunology and physiology to identify these agents, explore their metabolic potential on commercial levels and to manipulate these organisms for the betterment of humanity. The study of microorganisms and their potential is also necessary for the production of bread, cheese, antibiotics, vaccines, vitamins and many other important products. Microorganisms are involved in causing serious infections in humans, animals and plants.

Because of the importance of the subject and its applicability, this department is now regarded as one of the best departments within the Faculty of Science. As a result this department has become one of the popular departments and a large number of students opt to study Microbiology.

Career opportunities
A person with M.Sc. in Microbiology has a choice of employment opportunities in the following organizations:
- Pathological/clinical/hospital laboratories
- Food and beverage industry and agriculture
- Pharmaceutical industry
- Biotechnology industry
- KWSB/KMC/R & D organizations
- University/colleges teaching and research
- Epidemiological monitoring programs
- Environmental monitoring and impact assessments

Facilities
Laboratory and Lecture Rooms
The Department has 10 laboratories and 3 lecture hall/rooms where theory and practical classes are held. In addition to this, there are 3 media preparation rooms.

Cold Room Facility
The Department of Microbiology is the only teaching department which possesses cold room where research experiments at below ambient temperature can be conducted.

Computer Lab.
The lab with internet facility is available to all students.

Research Lab.
A separate equipped lab is allocated for research students

Specific Research Areas
Research scholars are working on exceptionally diverse areas of microbiology including: various fields in biochemistry, genetics, clinical microbiology, mechanisms of microbial virulence, epidemiological studies, studies on microbial enzymes of industrial importance, biotransformation, studies on bioactivities of microbial metabolites, immunological aspects of diagnosis, molecular aspects of disease diagnosis and microbial control, bacteriocins, bioactivities of natural products, molecular biology of phages, biodiversity & Environment exploration of biotechnological potential of microorganisms and many others.

Faculty Members

Professors
- Dr. Tasneem Adam Ali (Dean, Faculty of Science)
- Dr. Fasihuddin A. Ansari (Chairman)

Department of Petroleum Technology

Introduction
The masters program for the department of Petroleum Technology in the University of Karachi was initiated in 1996 in the evening program, while in the morning program it was introduced in 2004. From the session 2013-14, B.Sc.(H) also started in morning program. The program aims to meet the future technical and professional requirements in petroleum industry. It is a multi-disciplinary program of the Faculty of Science/Engineering organized in collaboration with the petroleum industry.

The program aims to impart theoretical and practical knowledge in upstream and downstream activities of petroleum industry such as chemistry, geology, drilling, exploration, production, reservoir, pipeline, corrosion, natural gas, LPG, refining technologies, environmental impact, health and safety designs, petroleum logistics, marketing and management, etc.

The Department of Petroleum Technology has produced a large number of graduates who hold positions in national and international organizations.

Career Opportunities
Students obtaining a Master's degree in Petroleum Technology can easily get jobs in Pakistan, middle East and other countries. A Petroleum technologist is required by petroleum industry at every stage i.e. exploration and development of oil and gas fields, transportation and distillation of crude in refineries, distribution and marketing of its products.

Facilities
Internship and training programs are arranged for students in various sectors of oil and gas industries such as oil companies, refineries and services companies, i.e. Pakistan Oilfield Limited, Oil and Gas Development Corporation, National Refinery, Pakistan Refinery, Pak ArabRefinery, Byco Refinery, Pakistan State Oil Ltd, Shell Pakistan, UEP Pakistan, Sui Southern Gas Co Ltd, Baker Huges, Halliburton Ltd, Marathon Construction, Mari Gas, MOL Pakistan, Nuricon, OMV Pakistan etc. This will help in preparing prospective candidates for the petroleum industry.

Faculty Members
Associate Professor
- Mr. Nadeem Ahmed Khan (Chairman)

Assistant Professors
- Mr. Kashif Sadiq
- Mr. Syed Ghufran Alam

Lecturers
- Engr. Syed Hasan Abbas Zaidi
- Mr. Atif Zafar

Programs Offered
- B.Sc. (Hons.)
- M.Sc.

Department of

Physics

Introduction
The department of Physics was established in 1952 with Professor Dr. Mujtaba Karim as the founding Chairman. Currently the department plays an important role in the development of Science and Technology in the country. Since its inception, a considerable number of students have completed their degree and are now rendering their services in reputable organization within and outside the country. The department has eighteen regular faculty members and a number of visiting, assistant and associate teachers. The department of Physics offers a full program of courses and research leading to the B.Sc.(H), M.Sc., M. Phil. And Ph.D. degrees. Each year over one thousand students attend physics courses in the department. To keep students abreast with the recent development in the field of physics, conference and seminars are also organized in the department. The department of Physics will keep and develop its well academic tradition and will make the greatest effort to promote its education and research.

Career Opportunities
Once completing a degree in Physics with good grades, there are bright chances of acquiring employment in government organizations and in the private sector. For higher studies leading to M.Phil./Ph.D., interested students may proceed abroad or continue their education within the country. In every semester, graduated students are offered the opportunity to work as a teaching associate/assistant in the department.

Facilities
Beside teaching laboratories, the department has a number of other laboratories for research purpose. Below is the list of some facilities:

- Spectroscopy Research Laboratory
- Solid State Research Laboratory
- Condensed Matter Research Laboratory
- Electronics Laboratory
- Computer Laboratory
- A Liquid Nitrogen Plant
- Seminar Library
- Mechanical Workshop
- Glass Blowing Section
- Brain Computer Interface Laboratory

Specific Research Areas
An important and perhaps the most significant aspect of learning Physics is that it is an experimental science, not an abstract intellectual discipline. Its implications relate continually to our everyday experience. Presently, M.Phil. & Ph.D. programs are in progress and research study in various fields is being done. In these studies, collaboration from other organizations & institutes is also sought when needed. Qualified faculty members are actively engaged in research areas such as:

- Spectroscopy
- Medical Physics
- Environmental Science
- Space Physics
- Theoretical Physics
- Material Science
- Optics
- Neurophysics

Faculty Members
Professors
- Dr. M. Altaf Hussain
- Dr. Shahid Mahmood (Chairman)
- Dr. Shabana Rizvi

Assistant Professors
- Dr. Imran Ahmed Siddiqui
- Dr. Zaheeruddin
- Dr. Syed Zeeshan Abbas
- Dr. Saifuddin Ahmed Jilani
- Dr. Intikhab Ulfat
- Dr. Asim Aijaz
- Dr. Sadaf Fatima
- Dr. Ibrahim Muhammad Babar

Lecturers
- Ms. Rabia Najam
- Mr. Sheikh Muhammad Zeeshan Iqbal
- Mr. Ommair Ishaque
- Mr. Waqar Ahmed
- Ms. Rizwana Siddiqui
- Mr. Kamran-ul-Haq Khan
- Mr. Zuhoor Ilahi
- Mr. Imran Ahmed

Programs Offered
- B. Sc.(Hons.)
- M. Sc.
- M. Phil.&Ph.D.

Department of

Physiology

Introduction
The Department of Physiology is an important segment of the Faculty of Science, University of Karachi and occupies a very prominent place in the modern age of Biosciences, Clinical/Biomedical Sciences and other Applied Biological Sciences. This department, founded by Prof. Dr. M. H. Qazi, in 1964, was the first one outside medical colleges to introduce teaching and research programs in Basic and Experimental Physiology at the graduate and postgraduate level. Currently, the department has 21 faculty members, 17 supporting staff members and more than a 1000 students. Several renowned Professors are pioneer faculty members of the department and are presently serving on key posts in various organizations.

Facilities
The department has sufficient facilities necessary to run the academic and research activities such as:
- Well Equipped Labs for students & researchers
- Audiovisual Aids like Overhead projectors, multimedia, Camera and television for interactive teaching.
- A well-organized Seminar Library with up to date textbooks and references on various disciplines of Physiology.
- Basic & ultimate Power Lab for laboratory experiments & demonstrations.
- Computer facilities are available in all special units for researchers. A separate computer laboratory is also available for academic & research activities.
- Internship facilities for students in different organizations are available.

Career Opportunities
Physiology is at the core of medical research being done all over the world. Dozens of foreign scholarships for advanced studies in physiology. Physiologists are required in number of places, like, pharmaceutical industries, health monitoring departments, biosynthetic industries, instrumentation in biomedical sciences, health related organizations, population welfare divisions, agriculture, livestock and poultry industry, diagnostic laboratories, occupational therapies, physiotherapy centers, nutritional/ sports centers, radiological institutions, biotechnology, bioinformatics, bioengineering, synthetic biology, nursing, medical universities, hospitals, diagnostic laboratories, pharmaceutical industries, research and teaching institutions.

Specific Research Areas
A great deal of research at M.Phil & Ph.D levels is conducted in different disciplines of Physiology such as Neuromuscular Physiology, Pathophysiology, Hematology, Molecular Physiology &Biophysics, Molecular & clinical Endocrinology and Poultry Physiology. Currently more than 30 research scholars are registered in their M.Phil. & Ph.D. program in various disciplines including: Blood disorders; Endocrine/Metabolic & Reproductive abnormalities; Breast cancer: Reproductive Changes in marine models; Poultry Vaccinology, Neuromuscular disorders; Oxidative stress.

Faculty Members

Department of 

Statistics

Introduction
The department of Statistics, University of Karachi was established in the year 1963. Both in terms of physical facilities and academic facilities the department of Statistics is one of the most popular departments within the university.

Career Opportunities
The opportunities are open for the students of Statistics and Actuarial Sciences and Risk Management in all fields including banks, industries, government organizations (FBS, SBS, PBS, State Bank, etc.), research Organizations, insurance and investment fields.

Facilities
The department has a Seminar Library and data bank stocked with a number of latest and good books on all branches of statistics. The Library has also a large collection of statistical publications of national and international organizations. The students and researchers are also using the facilities of data bank in the department that has several computer laboratories having more than a 100 computers.

Well-equipped Computer Laboratories with an environment of networking and statistical packages such as SAS, SPSS, S-PLUS, R.STATA, EVIEWS, MATHEMATICA, MATLAB, MINITAB, ITSM etc. are available for students and researchers.

Faculty Members
Professor
• Dr. Mudassir Uddin

Associate Professors
• Mr. Muhammad Aslam
• Dr. Ehtesham Hussain (Chairman)
• Dr. Javed Iqbal

Assistant Professors
• Dr. Farah Yasmeen
• Mrs. Rafia Shafi
• Dr. Bushra Shamshad
• Dr. Suboohi Safdar
• Ms. Samreen Fatima
• Dr. Arfa Maqsood

Assistant Professors
• Ms. Tanzila Yaqoob
• Ms. Rahat Bibi
• Mr. Tayyab Raza Fraz
• Ms. Zara Omar
• Ms. Saba Naz

Programs Offered
• B.A./B.Sc.(Hons.)
• M.A./M.Sc.
• BS Actuarial Sciences and Risk Management
• M.Sc. Applied Statistics (Evening)
• M.Phil.&Ph.D.
• Post-Graduate Diploma in Statistics

Department of Zoology

Introduction
The department of Zoology was established in 1951 and now it holds a pivotal position in the faculty of Science. Right from its inception, the department has imparted quality education at B.Sc.(Hons.) and M.Sc. levels. It also provides facilities for post-graduate research leading to M.Phil. and Ph.D. degrees. Presently almost all the faculty members are Ph.D. degree holders. More than 80 research projects funded and sponsored by national as well as international agencies have been successfully completed by the faculty members. Three research journals are edited by our faculty members: (i) Wildlife and Natural History (ii) International Journal of Biology Research (iii) Pakistan Journal of Entomology (HEC recognized). We are proud to mention that more than two thousand (2000) research paper by the faculty members of Zoology have been published in national and international research journals. Besides the publication of research papers, our faculty members have published books, Monographs as well (75 in number).

Career Opportunities
The graduates of Zoology get jobs as teachers of Zoology in Universities, Colleges and Schools, and as subject experts in various Educational Boards. Job opportunities are available in the Department of Agriculture, Agriculture Extension Department, Department of Forestry, Plant Protection, Freshwater Fisheries, Marine Fisheries Department, Fish Processing Industries, Coastal Development, Marine Observatory, Environmental Protection Agency (EPA), Fisheries Harbour Authority, Naval Hydrography and Shipping Industries, Wildlife Management Department, Foods and Resource Economics, Medicine Companies, Slat Aquaculture and Industries, Zoological Survey Department, Zoological Gardens, Safari Parks, Pakistan Council of Scientific and Industrial Research, National Institute of Oceanography, Pakistan Agricultural Research Council, IUCN, Public and Private sectors pathological laboratories, Pakistan Atomic Energy Commission (Entomology section), Pesticide companies and pest control agencies, Pakistan Central Cotton Committee, Govt. of Pakistan Horticulture Department, Quarantine Department, Armed Forces Pest Control Positions, Hospitals, Companies level pest control position, Govt. Health Department, Malaria Management Department, etc. They are also hired by Middle East and Far East Countries for Forestry Department, Aquaculture industries related to marine resources and pest control programmes. Faculty members are also working on Regional level (IUCN-commission on Ecosystem Management, West and Central Asia).

Facilities
The department has a Computer Lab and Instrument Labs of Toxicology and Hydrology containing Atomic Absorption HPLC. and GLC, Graphite Furnace, Colorimeter, Spectrophotometer and latest microscopic photographic system. In addition to the instrument Labs, the department has a Museum of Natural History which occupies a special place among the museums of Pakistani universities. It has a huge collection of vertebrates and invertebrates from James Murray’s collection and substantial collection of fresh water and Marine fauna of Arabian Sea, Persian Gulf and Indian Ocean. Since the establishment of the Department a considerable addition of insects has been made from various areas of Pakistan and Bangladesh including Oriental, Trans-Himalayan (Palaearctic) and Ethiopian region from Lasbellaand Mekran Coast. Work on fish taxonomy and pathology (freshwater and marine), protozoans, helminthes, insects and other arthropods is undertaken by trained and experienced staff. The department is also working in collaboration with the outstanding taxonomists in Japan, Europe, U.S.A. and Canada.

Specific Research Areas
The department also gives opportunity for research to the students, who specialize in M.Sc.
- Applied Zoology
- Entomology
- Limnology and Freshwater Fishery Biology
- Marine Zoology
- Parasitology
- Wildlife and Fisheries

Faculty Members
Professors
- Dr. M. Arshad Azmi (Chairman)
- Dr. Nasira Khatoon
- Dr. Rehana Yasmeen Farooq
- Dr. Syed Ansar Rizvi (Meritorious)
- Dr. Musarrat Jahan Yousuf
- Dr. Seema Tahir

Associate Professors
- Dr. Rahila Tabassum
- Dr. Farzana Yousuf
- Dr. Muhammad Shoaib
- Dr. Solaha Rahman
- Dr. Karim Gabool

Assistant Professors
- Ms. Afshan Jabbar Khan
- Dr. Ghazala Yasmineen
- Dr. Shagina Rao
- Dr. Rizwana A. Ghaffar
- Dr. Roohi Kanwal
- Dr. Sumera Farooq
- Dr. Shakeel Perveen
- Dr. M. Tariq Rajput
- Dr. Samreen Mirza
- Dr. Atia Batoole

Programs Offered
- B.Sc.(Hons.)
- M.Sc.
- M.Phil.&Ph.D.

Introduction

The Applied Economics Research Centre was established in 1973, with funding from the Ford Foundation and the Provincial Government of Sindh. From its inception, the Centre has undertaken research on issues in applied economics, with special interest being focused in the areas of agriculture, human resources, urban and regional economics and public finance. With subsequent growth of the Centre, its activities have broadened to include the advance training of economists from all parts of Pakistan. A major development in this connection has been the introduction of its own postgraduate degree program, the Master of Applied Science (Economics), which began in 1977. Since 1988, this has been upgraded to a M. Phil./Ph.D. Programme.

Career Opportunities

Facilities

Library

The centre maintains a rapidly expanding library in the field of economics related to its principal research interests as well as a wide range of materials used for the teaching program. The library currently subscribes over 200 periodicals in economics and the social sciences. The collection of books number approximately 16,000. Included in the library is an extensive collection of government of Pakistan publications, which are used by researchers as a valuable source of date. The library has a large collection of working papers of international agencies like the World Bank, IMF etc. and discussion papers series of Universities abroad.

Computer

The AERC has a fully operational computer cell is equipped with a large number of latest computer models. A large number of software packages are available including STATA, SPSS,TSP, SAS, SHAZAM, ESP, LIMDEP, EVIEW, GAUSS, QUATTRO-PRO, LOTUS-123, FOX-PRO, DBASE4, which enable sophisticated statistical and econometric analysis and handling large data sets.

Specific Research Areas

The major research areas of the centre are undertaking policy oriented core/academic research and contract research for clients, post graduate teaching and providing advisory services to the government.

Core Research

Two kind of core research may be distinguished. First, projects initiated by the centre's staff in the areas of housing, smuggling, environment, credit, agriculture, finance, nutrition, energy, public finance, trade, industry, monetary economics, poverty, social capital and empowerment of women. Second are projects initiated by the M.S, M. Phil.&Ph.D.) student, which have made it possible for the centre to undertake research on relatively small projects in diversified areas. The output from core research finds its way into research published by the staff in referred journals or in the Centre's own Pakistan Journal of Applied Economics.

Contact Research Project By Area

Contract research is one of the major activities of the AERC and its output is published in a Research Report Series.

Faculty Members

Director and Research Professor
• Prof. Dr. Samina Khalil

Senior Research Economists/Associate Professors
• Dr. Shaista Alam
• Dr. Ambreen Fatima

Research Economists/Assistant Professors
• Mr. Minhajuddin Siddiqui
• Dr. Faizan Iftikhar
• Dr. Uzma Iram
• Dr. Asghar Ali
• Dr. Noman Saeed

Staff/Economists/Lecturers
• Syed Roshan Ali Shah
• Mr. Sohail Javed
• Mr. Tehseen Iqbal
• Mr. Khurram Iftikhar

Programs Offered
• M.A.S. (Masters of Applied Science in Economics)
  A Terminal Degree only
• M. Phil. (Economics) (Morning & Evening)
  If the student continues after M.A.S.
• Ph.D. (Economics)

Area Study Centre for Europe

Introduction
The Area Study Centre for Europe, University of Karachi was established along with five other Area Study Centers (situated in major state sector Universities of Pakistan) by an act of Parliament (ASC Act No.XLV. 1975). The Centre is an autonomous institution, under the academic discipline of the University of Karachi, supervised by a Board of Governors. It is funded by the Federal Government.

The Centre is slightly isolated from the hustle and bustle of mainstream University departments. The Centre provides a peaceful atmosphere for teaching and research at the M.Phil/Ph.D. level. Its M.Phil course work programme in European studies, which is spread over two semesters, is designed to give students a through understand of contemporary Europe. Besides the traditional subjects like European history, philosophy and thoughts, the courses are now focused on the European Union, its politics, law, economics, external relationships and common foreign and security policy. Europe’s relation with Pakistan, the Muslim world and the developing world are given particular importance.

In September 1999, European Union (EU) sponsored program in European Studies was launched for a three year period. Under this program the EU rendered technical and financial assistance to the centre.

In 2001, the ASCE was awarded the Jean Monnet Chair of European Political Science by the European Commission’s Directorate General for Education and Culture (Higher Education: Socrates-Erasmus, Jean Monnet Project).

The Area Study centre for Europe, University of Karachi, became a partner in the project “CLIMA” (Euro Asian Research and Training in Climate Change Management) funded by the European Union. The CLIMA was launched in 2006 and ended in 2009.

The research findings of the Centre’s own research staff are published in the form of books, monographs and profiles. The Centre also published the bi-annual Journal of European Studies, which covers articles on contemporary European Issues.

Career Opportunities
The majority numbers of the students after completing their course work get jobs in Teaching, Foreign Office, Think-Tanks, National/ International NGOs, and Print / Electronic Media.

Facilities
Well-equipped Reference Library.

Specific Research Areas
The Centre offers one year (2 semesters) course work programme with core courses in European History, Contemporary European Political and Economic Institutions, Political Geography. Theory and Practice of European Integration, European Union Law, The European Union’s Foreign Policy, Basic Course in Economics, Research Communication Skills and Research Methodology. After passing the one-year course work programme students become eligible for thesis writing.

- Prof. Dr. Muhammad Ahmed Qadri (Acting Director)

Faculty Members

Professors
- Dr. Uzma Shujaat
- Dr. Tasneem Sultana

Assistant Professor
- Dr. Shaista Shaheen Zafar

Senior Research Fellow
- Ms. Munazza Nargis Kazmi

Programs Offered
- Master’s Program in European Studies
- M. Phil. Degree in European Studies
- Ph. D. Degree in European Studies
- German Language Certificate Course
- English Language Certificate/Diploma Course
- French Language Certificate/ Diploma (MORNING/EVENING)

Dr. A. Q. Khan Institute of Biotechnology & Genetic Engineering (KIBGE)

Introduction
Dr. A. Q. Khan Institute of Biotechnology and Genetic Engineering (KIBGE) is an institute with state-of-the-art facilities to carry out research on modern biological sciences and to impart higher education at University of Karachi. The institute was established with an aim to explore the biotechnological and genetic engineering aspects of scientific domain. There are four major areas of research at KIBGE; agriculture biotechnology, environmental biotechnology, industrial biotechnology and medical biotechnology. KIBGE has established a sound scientific research environment which promotes quality research.

Research at KIBGE
KIBGE has well-equipped laboratory facilities in the field of biotechnology, molecular biology and genetic engineering. The infrastructure of the institute has been developed according to the needs and requirements of innovative and advance research. The objectives of the institute are to disseminate hi-tech training using modern technology and wide range of innovative research to improve the economic well-being of the society.

Career Opportunities
Biotechnologists graduated from KIBGE can find career in government based entity such as universities, research institutes or at private centers as research scientists. Alternatively they may find employment in specialized biotechnology and biotech-related industry such as pharmaceutical, health care research organizations, food manufacturing, aquaculture and agricultural industry engaged in business related to life sciences ranging from equipment and chemicals to pharmaceuticals and diagnostics. KIBGE also fosters students and alumni to secure places at various international networking partners abroad.

Networking Partners
KIBGE is part of several international research networks and it encourages young students and researchers to pursue training abroad. KIBGE is one of the principal partners in the network of collaborative research involving partners from all over the world; including Australian National University, Australia, University of Buea, Cameroon, University of Zagreb, Croatia, INSERM, University of Paris, France, Max Planck Institute, Germany, German Aerospace Center, Germany, Pasteur Institute of Iran, Iran; University College Dublin, Ireland, University Sains Malaysia, Malaysia; University of Auckland, New Zealand; Ohio University, USA; and other international institutes.

Specific Research Areas
KIBGE provides students a platform for achieving outstanding scientific level with wide-ranging certified biotechnological skills. The curriculum guarantees biotechnological specialization, ranging from research communication skills to research and development. Other courses include bioinformatics, biostatistics, cytogenetics, environmental and industrial biotechnology human molecular genetics, tissue culture, etc. There are four major areas of research at KIBGE including agriculture biotechnology, environmental biotechnology, industrial biotechnology and medical biotechnology.

Agriculture Biotechnology focuses on the molecular mechanism using proteomic and genomic approaches for the economically important crops.

Environmental Biotechnology involves development of real-time processes for monitoring uncontrolled radiation exposure and other environmental pollutant widespread in the society.

Industrial Biotechnology involves research on the expansion of industrial metabolites and development of processes for characterization of enzymes, proteins, biopolymers and nanocomposite materials.

Medical Biotechnology focuses on hereditary and acquired disorders prevalent in the community.

Faculty Members
Professor Emeritus
• Dr. Syed Irtifaq Ali

Director General
• Dr. Abid Azhar (Meritorious Professor)

Assistant Professors
• Dr. S. M. Shahid
• Dr. Afsheen Aman
• Dr. Saima Saleem
• Dr. Afsheen Arif
• Dr. Arif Ali Chishti

Lecturer
• Mr. Muhammad Hussain

Programs Offered
• M. Phil.&Ph.D. in biotechnology

Dr. Panjwani Centre
for Molecular Medicine and Drug Research (PCMD)

Introduction
The Dr. Panjwani Center for Molecular Medicine and Drug Research (PCMD) International Center for Chemical and Biological sciences, (ICCBS) was established through a generous donation and patronage of Ms. Nadira Panjwani H.I. (Chairperson, Dr. Panjwani Memorial Trust) in the memory of her beloved father, Dr. Mohammad Hassain Panjwani, a leading scholar and philanthropist. The PCMD initiated a number of scientific programs with the objective to find possible treatments of often neglected prevalent diseases of Pakistan, as well as associated human resource development.

The main objective of the Center is to train highly qualified manpower in the emerging new fields of molecular medicine and drug development. The academicians, clinicians and pharmaceutical researchers are brought together to translate basic scientific discoveries into new therapies, vaccines and diagnostic tests. The efforts in the Center is mainly focused on developing greater and more comprehensive understanding of the pattern and causes of most common diseases of Pakistan in order to develop effective diagnostic tools and affordable treatments by using molecular medicinal, chemical and computational methods.

The mission of the Center is to foster excellence and achieve international recognition in the targeted areas of graduate training and research, which are relevant to national needs. To accomplish this mission, the center is involved in:

- Enhancing the quality and quantity of scientific training of graduate students in the area of molecular medicine and rational drug designing,
- Focusing on the development of new and effective diagnostic, and treatment techniques for prevalent diseases.
- Providing forum for information exchange between academic disciplines and raising general awareness about the diseases and their prevention, cure and treatments.

By the advent of next generation DNA sequencing technologies, genome sequencing has become fast, cost effective and robust. Efforts are underway to study human genomes from specific population groups of distinct ethnic and geographic backgrounds to utilize these genomic information in biomedical research. In this scenario, the ICCBS has established a dedicated genomics center as a part of PCMD to strengthen the ongoing molecular medicine research efforts and to train the manpower in this cutting edge area of biology. The building of the center was constructed through the personal donation of Prof. Dr. Atta-ur-Rehman, Patron-in-Chief, ICCBS. The next generation DNA sequence and related equipments have already been procured. Initially, the researchers at the center are sequencing human genomes from Pakistani population. Genome wide analysis will be performed to understand the genetic basis of complex polygenic disorders.

The PCMD also has a MoH (Ministry of Health) certified center for Bioequivalence study and clinical research (CBSCR) and an ISO 9001 certified network of diagnostic center.

Specific Research Areas with well Equipped Labs Including:
- Bioinformatics and Computational Biology
- Clinical Pharmacology
- Drug Discovery, Design and Synthetic Medicinal Chemistry
- Electrophysiology
- Genomics
- Human Genetics and Gene therapy
- Infectious Agents and Diseases
- Metabolic Disorders
- Molecular Biology
- Molecular Enzymology
- Molecular Epidemiology
- Molecular Immunology
- Molecular Oncology
- Molecular Pharmacology and Drug Resistance
- Neuropharmacology
- Proteomics
- Structural Biology
- Tissue Engineering and Stem Cell Research
- Tropical Disease Research

Facilities
- Bio bank• Diagnostic and Clinical Research
- Imaging •Molecular, Microbial and Drug Banks

Specific Research Areas
Visit our web site http://iccs.edu

Salient Features
- A prestigious research establishment
- Friendly and conducive working environment
- World class laboratories and research facilities
- Research supervised by some of the most productive and internationally recognized scientists of the country
- Hands on training on the advanced instruments
- Participation in international events organized regularly
- Interaction with international community of researchers
- Social gatherings and academic interactions with eminent visiting experts
- Scholarships available for all deserving scholars (Rs. 18,000 for M. Phil. and Rs. 33,000 per month for Ph. D. students)
- Free GRE tutorial and payment of ETS-GRE examination
- Hostel facilities for Boys and Girls on first-come-first basis
- Sports facilities for ICCBS scholars
- Career guidance and counseling
- Prospects of post-doctoral training in top laboratories of the world
- Selected as UNESCO Pasteur Institute
- W.H.O. collaborating center
- UNESCO, OIC, TWAS and COMSTECH center of excellence

Faculty Members
Visit website: www.iccs.edu

Programs Offered
- M. Phil. / M. Phil. in various disciplines of Molecular Medicine.

Institute of

Environmental Studies

Introduction
The subject of environmental studies is interdisciplinary, in which the relationships of humans with their physical, biological and social environments are discussed. The subject provides an integrated approach to the understanding and the solution of the environmental issues that range from the human community health to the global climate change. The subject emphasizes the importance of sustainable development to ensure the continuous supply of materials and constant removal of wastes and recovery from the damages that occur due to human’s activities, particularly after Industrial Revolution.

The Institute of Environmental Studies was founded in 1982 for developing the human resources to address the environmental issues of the country. This is the oldest institute in the field of environmental studies. Initially the institute offered M. Phil and Ph.D. Programmes. Later, in 1996, the Evening Programme was started for offering M.Sc. degree. Currently the Institute of Environmental Studies offers B.Sc. (Hons.), M.Sc., M.Phil, and Ph.D. degrees in both the Evening and the Morning Programmes. So far, the Institute has produced Seven Ph.D. scholars and hundreds of BSc. (Hons)and M.Sc. graduates. The Institute's graduates are currently serving in a number of national and international organizations.

The Institute provides air-conditioned lecture halls, laboratories, audio-visual facilities for the students. The Institute enjoys focal position on a number of environmental issues and activities for many national and international organizations such as WHO, UNEP, IUCN, WWF, LEADS etc. The Institute has organized many national and international workshops and seminars in collaboration with the Higher Education Commission and the Ministry of Health and Environment. The Institute has many Ph.D. faculty members which regularly publish their research works in various national and international journals.

Apart from regular teaching and research, the Institute has been regularly organizing short-term training activities for in-service personnel and for those who are involved in research and development programmes. The Mission of the Institute is to produce highly skilled man-power who could handle contemporary environmental issues and well-being of mankind, disseminate, apply and use knowledge of environment and related fields to meet the basic human needs for the improvement of environmental quality and to meet the Millennium Development Goals (MDG).

Career Opportunities
After completing the B.Sc. (Hons.), M.Sc., M.Phil, and Ph.D. degree programmes, the graduate would be able to take up managerial, technical and consultative responsibilities in various industries, multinational companies, civic agencies, consulting firms, environmental health laboratories and organizations, educational and research institutions and environmental protection agencies (EPAs). The Evening Programme of the Institute provides an excellent opportunity for in-service professionals, particularly those who are engaged in any environment related occupation to enhance their education and understanding of the subject.

Facilities
The Institute is equipped with advanced laboratories, an updated library and modern equipments that help in researching on the global issues.

Specific Research Areas
- Global Climate Change and its impacts in Pakistan
- Capable of designing and developing low cost wastewater treatment and disposal systems for small and medium size communities.
- Agriculture sustainability through the use of treated wastewater.
- Treatment of water for potable use
- Public health aspects of wastewater treatment, disposal and reuse.
- Wastewater reclamation technology in hot climate for agriculture and fish culture.
- Capable of developing environmental health programme for monitoring and surveillance of water supply and sanitation.
- Industrial pollution control and management.
- Environmental hygiene (food and water hygiene and safety)
- Environmental Impact Assessment
- Marine pollution and control
- Ecological studies
- Biodegradation of hazardous waste
- Urban forestry and urban greening
- Coastal and Marine Conservation
- Air and noise pollution
- Ocean-atmosphere process and biological productivity
- Environmental Remote Sensing

Faculty Members

Professors
- Dr. Tariq Masood Ali Khan
- Dr. Omm-e-Hany (Director)
- Dr. Moazzam Ali Khan

Associate Professor
- Dr. Seema Jilani

Assistant Professors
- Dr. Zafar Iqbal Shams
- Ms. Suraiya Jabeen
- Dr. Waqar Ahmed
- Dr. Aamir Alamgir

Lecturers
- Ms. Noor Fatima
- Ms. Humaira Kanwal

Programs Offered
- B.Sc.(Hons.)
- M.Sc.
- M. Phil.&Ph.D.

H.E.J. Research Institute of Chemistry
(International Centre for Chemical and Biological Sciences)

Introduction
The H.E.J. Research Institute of Chemistry, International Center for Chemical and Biological Sciences (ICCBS) is one of the world's finest research institutions and training centers in its field. The large complex, which covers more than 40 hectares, is comprised of 12 research buildings that contain some of the region's most sophisticated laboratory equipment. The complex also includes a pilot plant, powerhouse, green houses, animal house facility, auditorium and a residential with 50 houses, five apartment buildings and an international guesthouse.

The ICCBS carries out original research, training, product development, and service delivery in the chemical, biological, and biomedical sciences. The center also provides diagnostic, analytical, and clinical testing for a broad range of clients on both the public and private sectors nationally and internationally.

Over the past 40 years, more than 700 students have earned doctorate and M. Phil degrees at the center. These degree-granting programs have served as the focal points of ICCBS efforts to provide world-class training to young scientists coming primarily from developing countries, including those belonging to the Organization of Islamic Cooperation (OIC), an international network comprised of 57 Muslim countries, Non-Aligned Movement (NAM) and African Union.

The ICCBS also conducts cutting-edge research for the discovery of clinically important enzyme inhibitors and antioxidants, explores innovative methodologies for the synthesis of novel pharmacophores and isolate proteins, devises effective pharmacological evaluations of bioactive compounds, and seeks to identify new varieties of horticulture plants through applications of biotechnology. In addition, the ICCBS organized major international conferences, symposia and workshops for participants from Pakistan and abroad on topics ranging from natural products, molecular medicine, spectroscopy, nanochemistry, plant biotechnology and human genomics.

The scientific contributions of over 3,800 research papers, 150 books and over 150 international patents have earned international recognition.

Specific Research Areas

Centre of Excellence in  

Marine Biology

Introduction

The Centre of Excellence in Marine Biology (CEMB) offers M. Phil, M. Phil leading to Ph. D & Ph. D. Program in Marine Biology. CEMB was established in the year 1975 under the Centre of Excellence Act of 1974. It is administered by a Board of Governors whose Chairman is the Vice-Chancellor of the University of Karachi. The Director is the executive & administrative head of the Centre. The Board of Advanced Studies & Research and the Academic Council of the University of Karachi approve the academic program of the Centre. The degrees are awarded by the University of Karachi.

Career Opportunities

Opportunities for M. Phil & Ph.D. degree holders are available in different National/International research institution and other departments. Federal Marine Fisheries Department, Sindh & Baluchistan Fisheries Departments, National Institute of Oceanography, Institute of Marine Sciences, University of Karachi, and Fishery Industry are key organizations one can consider for job opportunity. Teaching at government / public sector degree colleges & Universities and foreign research institutions are another sector that absorbs CEMB graduates.

Facilities

- Lecture room with audiovisual support system.
- Laboratories equipped with latest scientific equipment.
- Internet access to students.
- Research Library with huge collection of books, national and international journals and other research materials.
- Teaching museum containing specimens of 500 fishes & 200 invertebrates species.
- Facility to rear live animals for student research.
- Fish Hatchery at Dam, Sonmiani provide facility for aquaculture.
- Transport facility for field surveys along Sindh and Baluchistan coasts.

Specific Research Areas
Aquaculture, Biochemistry, Chemistry, Ecology, Fisheries, Mangroves, Microbiology, Physical Oceanography, Planktology, Seaweeds, Shellfisheries, etc.

Faculty Members

Professors
- Dr. Pirzada Jamal A. Siddiqui
- Dr. Ghazala Siddiqui (Director)

Associate Professor
- Dr. Munawwer Rasheed

Assistant Professors
- Dr. Safia Khanum
- Dr. Noor-us-Saher
- Dr. Nafisa Shoaib
- Dr. Ghulam Abbas
- Dr. Seema Shafique
- Dr. Sher Khan
- Dr. Faiz Muhammad
- Dr. Amjad Ali

Lecturer
- Ms. Zaib-un-Nisa

Programs Offered
- M. Phil.&Ph.D.

Marine Reference
Collection and Resource Centre

Introduction
The Marine Reference Collection and Resource Centre is the oldest marine biodiversity research centre in Pakistan. It was founded in 1967 as an Invertebrate Reference Museum by renowned marine scientist Prof. Dr. Nasima M. Tirmizi, who was also founder director of the first Institute of Marine Science in Pakistan. MRC&RC has been providing excellent facilities to the marine science community of Pakistan and regional countries. It supports marine biodiversity research through comprehensive taxonomic data on marine fauna and flora and is in fact one of the unique research and training facilities in the region with a mission emphasizing taxonomic research, conservation and education.

The centre, which has only been a feature of invertebrate taxonomic studies, has demonstrated an ability and agility in responding to the management and conservation of marine biodiversity in a national, regional and international context. MRC&RC has a preeminent museum dedicated to inspiring curiosity and learning about the invertebrate fauna through its unparallel collections, exhibits and research.

So far 40 research projects have been accomplished through the national and international findings/grants. About 674 publications are to the credit of the centre that includes books, monographs, illustrated keys, new findings, popular articles and short communications, etc.

The centre is linked with a number of local and foreign institutions for collaborative research including; Sindh Fisheries Department, National Institute of Oceanography, PCSIR, SUPARCO, Coastal Development Authorities, Marine Fisheries Department, University of Hawaii, USA; University of Putra, Malaysia; University of Chittagong, Bangladesh, University of Kelaniya, Sri Lanka. The Centre became a partner of the Expert- Center for Taxonomic Identifications (ETI) at Amsterdam and obtained users license for ETI Software which involved an exchange of biodiversity data for ETI’s World Biodiversity Database and also a member of the International Geosphere – Biosphere Program.

Career Opportunities
Fair opportunities are available for marine taxonomists in various teaching and research organizations (Government and Non-Government).

Facilities
The Centre extends research facilities to marine scientist / research students and guidance for advance research for fulfillment of M.Phil. / Ph.D. degrees. So far, 12 Ph.D. 26 M.Phil. 42 M.Sc. (16 thesis + 26 projects) have been accomplished and degrees have been awarded. Presently approximately 9,000 specimen are housed in Museum (repository) which are carefully maintained up to the international standards, Preservation room, Wet laboratory to conduct research on live specimen, Ichthyology and Pollution lab, Mangrove lab, Molluscan lab, Plankton lab, Photographic lab, an Auditorium and Museum library with more than 3000 books, journals, reports, proceedings etc. A shore laboratory / Marine Research Station situated at Sandspit beach is also part of Marine Reference Collection and Resource Centre.

Specific Research Areas
The Centre supports marine biodiversity research through comprehensive taxonomic data on marine fauna & flora and thus offers research and training facilities in the region with a mission emphasizing on conservation and education.

- Survey, monitoring and assessment of coastal habitats and its biodiversity.
- Collection of fauna and flora from shores, offshore waters and harbors.
- Maintenance of collections, sorting, curating, preservation and storing.
- Identification, documentation, registration and cataloguing.
- Publication of conclusions in the form of reports, monographs, illustrated keys, as well as presentation of papers at the national, international seminars/workshops, etc.
- Exchange of material as loan or donation.
- Services extended to local and foreign scientists, through providing advice and consultation on the management of biological resources of our seas.
- Research supervision/guidance for full/partial fulfillment of M.Sc., M. Phil./Ph.D. degrees.
- Training of manager/scientists from govt. and non-govt. organizations.
- Planning and undertaking research projects.

Programs Offered
- Post graduate research supervision
- Co- supervision of M. Phil.&Ph.D. students

Institute of Marine Science

Introduction
Institute of Marine Science (IMS) was established in 1981 to acquire superior knowledge of our marine environment. Advanced knowledge of the sea and skills in various fields of marine science are required for mariculture, seafood quality, seaweed culture, seashells/pearl industry, oil/gas operators and naval warfare, etc. The IMS undertakes research in marine science including ecological, biological, biochemical, chemical, and geological studies on marine life of northern Arabian Sea. Marine resources of Pakistan are still untapped, which must be given due attention to contribute greater share in economic growth of Pakistan. Without requisite expertise in various fields of marine science it is not possible to exploit the immense wealth of our productive, rich coastal zones and continental shelves.

The Institute’s mission is to conduct avant-garde research, train young scientists, provide expertise to governmental or nongovernmental agencies and industries to accomplish optimal protection for and exploitation of our marine resources and to promote fresh knowledge to constitute public policy and maritime doctrine.

Career Opportunities
- Coastal Development Authority,
- Environmental Protection Agency (EPA),
- Fisheries Harbour Authority,
- Foods and Resource Economics,
- Forest Department,
- Int. Union for Conservation of Nature (IUCN)
- Livestock & Fisheries Department Sindh,
- Marine Fisheries Department (MFD),
- Marine Observatories,
- Middle East and Far East countries where aquaculture and industries related to marine resources are highly developed,
- National Institute of Oceanography,
- Naval Hydrography and Shipping Industries,
- Pakistan Council of Scientific and Industrial Research (PCSIR) Laboratories,
- Pakistan Maritime Agency (PMA),
- Pharmaceutical Industries,
- Salt Industries,
- Sea Food Processing Industries,
- Sindh Environment Protection Agency (SEPA),
- Teaching departments of institutes, colleges and universities,
- Wildlife Department,
- World Wildlife Fund.

Facilities
The institute has computer and internet facility, which provides access to digital library of University of Karachi as well as various scientific data basis. Software packages are also available, which enable collection of relevant background literature and statistical analysis of large data sets.

Specific Research Areas
- Algal fuel extraction,
- Biodiversity of marine flora and fauna,
- Biofertilization,
- Chemical and biochemical study of marine organisms, seawater and sediments,
- Ecological studies of marine organisms in different coastal areas of Karachi and Baluchistan,
- Exploration of Marine Resources,
- Mariculture,
- Phycoremediation,
- Pollutants of marine environment,
- Seaweed compost,
- Study of seawater and sediment of Badin, Sindh
- Taxonomy of different marine organisms.

Faculty Members
Assistant Professors
- Dr. Ehsan Elahi Valeem
- Dr. Nuzhat Afsar
- Dr. Muhammad Shoaib Kiani
- Dr. Nazia Arshad

Programs Offered
- B.Sc.(Hons.)
- M.Sc.
- M. Phil.&Ph.D.

National Nematological Research Centre

Introduction
National Nematological Research Centre (NNRC) is a leading research and educational institute dedicated to the generation, acquisition of knowledge about Nematology in Pakistan. NNRC was established in 1974 and now has come to symbolize as an efficient, dynamic and forward looking research centre in Pakistan. Nematology is a highly specialized field of biological sciences including agriculture and provides services of specialists dealing with nematodes. NNRC is the only research as well as academic centre, which is solely associated with the study and research of Nematology in the country. The main objective of NNRC is to promote the subject of Nematology so as to generate highly trained manpower through M.Phil / Ph. D. degree program. NNRC has now get ISO Certification 9001 – 2015 for the compliance of its Diagnostic services and Education program. Ph.D. program in Nematology is aimed at imparting a full range of knowledge, awareness and expertise in Nematology to meet the challenges of the new millennium. International and national scientific conferences, seminars and training workshops also organized as a part of the routine work/study. NNRC has been regularly publishing bi-annual scientific journal, Pakistan Journal of Nematology (PJN) since 1983 and PSN Newsletter since 2002, covering the significant research in fundamental and applied Nematology within and outside the country, besides several books, booklets, manual, proceedings and many national and international patents. The Centre also has collaborations in research with many international and national agricultural research institutions and universities including other departments of the University of Karachi. The website of PJN: www.pjn.com.pk

Career Opportunities
Nematology is a professional discipline and there are vast career opportunities in various disciplines. Research and teaching jobs are available for the NNRC graduates in agriculture related organizations/universities/institutions in the country and abroad.

Wide range of carrier opportunities are also accessible in various organizations such as PARC, NARC, Plant Protection, Pakistan Atomic Energy Commission, Institutes of Biotechnology & Genetic Engineering, Environmental Protection Agency, Integrated Pest Management (IPM) services, Quarantine, Seed Certification, Pesticide formulations, Food Industries and Research and Development private sector and marketing. The Nematologists are also hired for diagnostic and consultancy services for the field and laboratory services.

Facilities
NNRC has well equipped laboratories for research work on fundamental and applied Nematology of plant parasitic, free-living soil, fresh water, marine and entomopathogenic nematodes. NNRC also has three large modernized equipped research laboratories for advanced molecular taxonomy of nematodes especially EPN, their mass production and formulation of these biocontrol agents as biopesticides. Over 19,000 permanent identified slides and vials of wet suspension of nematode specimens. Large experimental field and two green houses are also available to the students and scientists for their research purpose. Computer facilities and internet access are available for researchers. The seminar Library has a collection of more than 1000 books, journals and periodicals about nematology.

Specific Research Areas
The nematology research programme includes work on the molecular taxonomy, biology, pathogenicity, population dynamics, control of plant parasitic nematodes, use of marine nematodes as pollution indicators, entomopathogenic nematodes, the beneficial nematodes in the biological control of insect pests of agriculturally important crops as biopesticides and their mass production, use of free-living soil nematodes as biofertilizers and more importantly the human nematology which is going to be established soon. Short and long term training programmes in Nematology are also arranged for researchers, students, extension workers and farmers of the country.

Research
- Since its inception, it has produced 20 Ph.Ds and 5 M.Phils. Some of these showed excellent performance during their academic tenure and received several awards.
- At present 12 post-graduate students are doing research work of their M.Phil. / Ph.D.
- Research is the main role played by NNRC, besides the research work produces by the students numerous research projects allocated by different national and international working bodies are carried out by the center. The major funding and project allocation bodies associated with NNRC are, HEC and PSF.
- Diagnostic, advisory and consultancy services have also been provided to the farmers, scientists and extension workers from all over the country and abroad.
- The NNRC collaborates with the government, international research bodies, research centers and non-governmental organizations to create awareness on vital issues of nematode problems and provides forum for all the Nematologists, researchers, agriculturists, extension workers and students of the country to exchange information about nematode diseases by organizing national and international conferences, seminars and workshops regularly.

Publication
- NNRC has been regularly publishing bi-annually the scientific journal, Pakistan Journal of Nematology (PJN), since 1983 and PSN Newsletter from 2002.
- About 45 books, booklets, manuals, proceedings.
- Approximately 1500 research publications.

Faculty Members
Professor
- Prof. Dr. Shahina Fayyaz (Meritorious) (Director)

Research Officer
- Dr. Tabassum Ara Khanam
- Dr. Salma Javed

Faculty Members (Visiting)
- Dr. Nasira Kazi
- Dr. Firoza Kazi
- Dr. Erum Iqbal

Programs Offered
- M. Phil.&Ph.D. in Nematology and other Biological Sciences (Agriculture, Biotechnology, Botany, Genetics, Marine Science, Microbiology and Zoology)
- Training Certificate Programs.

Pakistan Study Centre

Introduction
Pakistan Study Centre was established under an Act of the Parliament passed in 1976. The Centre began functioning in 1983 and since then it has developed into a prestigious institute of higher learning and research. Apart from conducting courses at Masters/M.Phil./Ph.D. levels, the Centre has excelled in original in-house and contractual research that has received wide acclaim both at the national and international levels. Its research journal Pakistan Perspectives is regarded as one of the most prestigious journals of social sciences published in Pakistan. It has also been approved by the Higher Education Commission (HEC) as 'Y' category journal whose articles are accepted for academic promotions. The Centre has the privilege that one of its alumni Dr. Muhammad Ali Siddiqui earned the D.Litt. degree while Prof. Sharif al Mujahid, a renowned scholar of international repute was designated as the Distinguished National Professor associated with the Pakistan Study Centre.

The Centre has also organized numerous international and national conferences apart from regular in-house seminars and symposia.

The Master's program of the Centre is based on a multi-disciplinary course which enables the students to compete in the civil service examinations and also seek place in the teaching profession.

Career Opportunities
A Masters in Pakistan Studies is so trained that he/she may compete (with utmost confidence) in any exam or test held for a post with a Master’s degree requirement. The Masters of Pakistan Studies have also found places in civil service, faculties of universities & colleges, NGOs and Research Organizations.

Facilities
The Centre provides all academic facilities to the students. It has an excellent library with over 16,000 titles. The library also houses a number of personal collections belonging to Prof. Hamza Alavi, renowned journalist and author Zamir Niazi. Prof. A.B.A Haleem, Critics Muntaz Shinn and Samad Shaheen, senior journalist and literary figure Hasan Abidi, Dr. Aquila Kiani and Prof. Dr. S. H. M. Jafri. As per the rules, the Centre allows full and half freeships in the tuition fee to the deserving students.

Students are also facilitated in conducting of study tours of historical places and archaeological sites.

Specific Research Areas
- History and Historiography of Pakistan.
- Sufism and Islamic Modernism.
- Constitution and Political Development in Pakistan.
- Social Change in Pakistan.
- Literature, Art and Architecture in Pakistan.
- International Affairs with special reference to Pakistan.
- Political Economy of Pakistan.

Faculty Members
Professor
- Dr. Anwar Shaheen(Director)

Assistant Professor
- Dr. Navin G. Haider

Lecturers
- Ms. Sadaf Masood
- Mr. Yasir Hanif
- Ms. Erum Muzaffar

Programs Offered
- M.A.
- M. Phil.&Ph.D.

Centre for

Plant Conservation

Introduction
Centre for plant Conservation was established at the Karachi University with the funding of HEC. The Centre is divided into two major sections: (i) Botanic garden and (ii) The herbarium. Centre for plant Conservation is the hub of Academic and research activities. Herbarium is a fundamental source of identification of plants and permanent reference centre. It serves basic need of identification for basic and applied research in botany, biology, agriculture, pharmacy, genetics pharmaceutical chemistry, aerobiology and biotechnology. Aim of the Centre is to provide and promote facilities for advanced study and research in various aspects of plant conservation, plant systematic and ethno botany. It enhances the knowledge of plant conservation and sustainable utilization of plant biodiversity of rare and endemic plants of Pakistan and also provides opportunities for collaborative research with related department/institutes.

Career Opportunities
Students holding M. Phil./Ph.D. degrees from Centre for plant Conservation can apply in different academic and research institutions and scientific organizations

Facilities
Tissue culture Laboratory: A well-equipped laboratory is working to conserve the country’s rare plant species, through in-situ as well as ex-situ conservation. Herbarium Library has more than 2000 books and 240 journals dealing on taxonomy for research scholars and students, and numbers of floras and monographs. Herbarium has more than 150,000 plants species (mostly flowering plants), including those which are several decades old. Scanning Electron microscope, seed Bank: has been established in the botanic garden, which contain seeds of more than 350 different species including wild, cultivated, ornamental and medicinal plants and many more are under process, internet facilities also available.

Specific Research Areas
Plant taxonomy, Plant biodiversity, Plant Conservation, Tissue culture, Germ plasma storage, Ethno botany and Horticulture.

Faculty Member
Professor
• Dr. Anjum Perveen (Director)

Assistant Professor
• Dr. Roohi Bano

Programs Offered
• M. Phil.&Ph.D.

For Further Enquiry

National Centre for

Proteomics

Introduction
Proteomics refers to the study of all proteins being expressed in a tissue, cell or an organ at a particular point and time. It reflects a snapshot of expressed proteins in the sample being analyzed. Proteomics is being utilized as a core technology globally to understand the role of protein molecules involved in health and disease. The cutting edge technologies used in Proteomics have a much greater impact in terms of early diagnosis and offers tremendous potential in prevention and therapeutics. A recently established Institute, NCP is working to facilitate fundamental understanding of disease states by discovery of biomarkers and translation of these advances to improve clinical diagnostics using laboratory investigations and bioinformatics methods. Proteomic technologies use a combination of chromatography, electrophoresis, Mass spectrometry and bioinformatics tools. Various projects on different types of cancers, diabetes, eye disorders, role of glycation and antioxidants in aging are in progress at the institute. During the last ten years the institute has produced 07 Ph.D. and 02 M.Phil.

Career Opportunities
Proteomics is a specialized field that deals mainly with identification of proteins, analyzing post-translational modifications, studying differentially expressed proteins etc. The field is suitable for students interested in developing their career as a researcher particularly in the area of protein chemistry. Researchers are trained through lectures, wet lab and dry lab sessions in latest techniques involved in genomics and Proteomics. Students completing M.Phil./Ph.D. degree are likely to get job opportunities in research and development organization, Universities, Pharmaceutical industries, medical college and Universities and pathological laboratories, etc.

Facilities
NCP has state-of-the-art facilities in the field of Proteomics. The Institute is equipped with instruments such as one and two dimensional electrophoresis, Western blot, gel doc with image analysis software like quantity one/PD Quest, spot cutter, conventional and high pressure liquid chromatographic technique with accessories, Millipore water purification system, ice flake machine, FPLC, PCR, QPCR, and LC-MS. NCP also has a computer lab with complete in-silico solutions for data analysis, protein structure prediction, web based searches and protein docking studies. NCP has a library with different reference books and journals related to genomics and proteomics.

Specific Research Areas
- Proteomics profiling of oral carcinoma
- Drug induced apoptosis in Hepatocellular carcinoma
- Oxidative stress in aging and diabetes
- Glycation and aging
- Plasma proteomics in Thalassemia subjects
- Drug screening against RNA/DNA Viruses
- Venom Proteomics
- Stem Cell Research
- Blood Disorders (Thalassemia)
- Heavy Metal Induced Apoptosis
- Renal Disorder
- Drug induced modifications in Breast Cancer
- Saliva Proteomics

Faculty Members
Professor
- Dr. Shamshad Zarina (Director)

Assistant Professors
- Dr. Zehara Manzoor
- Dr. Syed Faraz Moin
- Dr. Kanwal Haneef
- Dr. Amber Noman

Programs Offered
- M. Phil.
- Ph.D.

Institute of

Space Science & Technology (ISST)

Introduction
The main objective of Institute of Space Science & Technology (ISST), University of Karachi is to promote Space Science Education in Pakistan and to carry out research in Space Science and Technology. The institute has already produced quality research work in diversified areas of Space Science. ISST has collaboration with Pakistan Space Agency SUPARCO, Centre for Astrophysics and Supercomputing, Swinburne University of Technology, Australia and School of Marine and Atmospheric Science, Stony Brook University, NY, USA.

ISST is offering admission to B.Sc. (Hons.) and M.Sc. degree programs in Space Sciences and Technology. These programs will provide a broader background for understanding linkages between space science, engineering and technology. In fact, these undergraduate programs are multi-disciplinary programs which include Electronics, Digital Signal processing, Communications Systems, Satellite Communication, Global Navigation Satellite System, Aero-Space Science, Computational Astronomy, Computer Programming and Remote Sensing & GIS.

Career Opportunities
Our graduates will have job openings in SUPARCO, NESCOM, PIA, CM, Pakistan Meteorological Department, Pakistan Tele-communications Corporation Ltd., Pakistan Sui Soothern Gas Company and Oil & Gas Development Ltd. Etc.

Facilities
- ISST Observatory is equipped with Meade 16 inch LX-200 Coma free telescope automated equatorial pier mount, CCD camera including computers, filters, weather station and software. We have also one movable telescope.
- Computational Astronomy Lab: The computer lab is equipped with space science related software.
- Computer Lab
- GIS Lab
- Electronic Communication Lab
- Aerospace Lab
- Digital Library
- Seminar Library

Specific Research Areas
- Computational and Observational Astronomy
- Cosmology / Astrophysics
- Space Flight Dynamics
- Global Navigation Satellite System (GNSS)
- Satellite Communication / Space Antennas
- Remote Sensing and Geographical information Science (GIS)
- Atmospheric Science
- Solar and Ionospheric physics

Faculty Members
Professor
- Dr. Muhammad Jawed Iqbal (Director)

Associate Professor
- Dr. Mudassar Hassan Arsalan

Assistant Professors
- Dr. Mirza Jawwad Baig
- Dr. Naeem Sadiq
- Dr. Syed Tanweer Iqbal

Lecturers
- Mr. Muhammad Anas Qureshi
- Mr. Fayyaz Ur Rasheed
- Mr. Muhammad Saleem Khan

Programs Offered
- B.Sc. (Hons.) (Space Science & Technology)
- M.Sc. (Space Science & Technology)
- M. Phil. & Ph.D.

Institute of
Sustainable Halophyte Utilization

Introduction
ISHU was established in 2006 with the aim to serve humanity by utilizing indigenous salt tolerant plants as a source of food, medicine, fodder, forage and biofuel. ISHU has already made significant breakthroughs in saline agriculture on barren lands and is host to first-ever UNESCO Chair for Sustainable Halophyte Utilization. Research carried out by the students and Faculty at ISHU has so far published more than 400 articles in journals of international repute.

Career Opportunities
ISHU graduates can apply for teaching and research positions in public and private institutions, colleges, universities and R&D organizations related to plant sciences.

Specific Research Areas
- Ecology
- Eco-physiology
- Biochemistry
- Molecular Biology
- Ethnobotany

Facilities
ISHU has state-of-the-art facilities for carrying out research in lab, green-house and field conditions. Salt tolerant plants have the potential to become non-conventional future crops which may be utilized as food, feed, fiber, medicines and ornamentals. Instruments such as Atomic absorption spectrometer, CNS analyzer, GC-MS, HPLC, Ion Chromatograph, Gel Doc System, PCR’s, Li-COR Photosynthesis system, Walz PAM fluorometer, Osmometer and Plant Water Status Console are available.

Faculty Members
Professor
- Dr. Bilquees Gul (Director)

Associate Professors
- Dr. Salman Gulzar
- Dr. Irfan Aziz

Assistant Professors
- Dr. Muhammad Zaheer Ahmed
- Dr. Abdul Hameed

Research Officers
- Dr. Muhammad Zainul Abideen
- Dr. Muhammad Qasim
- Dr. Tabassum Hussain

Programs Offered
- M. Phil.&Ph.D. in Botany (ISHU)

Centre of Excellence for

Women’s Studies

Introduction
Since the last 29 years Centre of Excellence for Women's Studies (CEWS) University of Karachi has been offering teaching and research facilities in a friendly environment to prepare students to act as agents of change. We are the first to offer M.A. and M. Phil/Ph.D. degree programs in Pakistan, currently the Centre offers M.A. (Morning & Evening), B.A.(Hons.) and M.Phil./Ph.D. programs. Women's Studies, an interdisciplinary subject, aims to make visible women’s role and contribution towards building a gender-bias free society for a holistic development of the nation. We offer a variety of courses to address the issues of women and gender, both nationally and internationally. The major focus of our teaching and research is to bridge the gap between the academia and women at the grass-root level. Thus, our students move beyond the Campus and interact with women to document their every-day lived experiences.

Career Opportunities
As Women's Studies prepares students to act as agents of social change, therefore, our students are well equipped and trained to take up jobs that a person qualified in any other discipline can undertake. Majority of CEWS graduates are now hired in various positions by government and non-government agencies. As one of the requirement of our teaching is practicum, our students work as interns with various GOs/NGOs and thus gain practical training and gain experience. To help our students in their future careers, we remain engage with the corporate sector.

Facilities
CEWS has well-qualified faculty to help and assist students in their quest for knowledge. We also invite scholars, academics and activists from various fields to share their scholarship and experiences with our students.

Our library with its holding of more than 4000 books, journals, reports on women and gender is the only library of its kind in the country. We have a collection of press-clippings on almost all aspects of women's lives. Our library is accessed not only by our students but it also caters to the academic search needs of scholars, activists and journalist who wish to avail themselves of this facility. Our library catalogue is accessible through electronic portal.

Specific Research Areas
- Women & Work: Child Labour, Girl Child, Self-Employed Women
- Women Technology & Entrepreneurship
- Women, Religion & Religious Traditions
- Health Concerns of Women & Gender
- Women's History
- Women & Law
- Women & Politics
- Women & Media
- Women Sports & Physical Education
- Psychology of Women
- Development Planning (nationally & globally) and Women

Faculty Members
Professor
- Dr. Nasreen Aslam Shah (Meritorious) (Director)

Assistant Professors
- Dr. Asma Manzoor
- Dr. Shagufta Nasreen
- Dr. Aliyah Ali

Lecturers
- Ms. Seema Manzoor
- Ms. Duaa-e-Rehma

Programs Offered
- B.A. (Hons.) (Morning & Evening)
- M.A. (Morning & Evening)
- M. Phil.&Ph.D.

Confucius Institute

Introduction
Confucius Institute at University of Karachi was established on November 29, 2013 under the auspices of Confucius Institute Headquarters Beijing, China. The Confucius Institute devotes itself to satisfy the demands of Pakistani people who learn the Chinese language, to enhance understanding of the Chinese language and culture. It also strengthens educational and cultural exchange and cooperation and friendly relationship between China and Pakistan, to deepen friendly relationships with Pakistan. The Confucius Institute is an ideal place for the students to experience and learn orthodox Chinese language and culture.

Facilities
- Institute Library
- State of Arts Computer Language Laboratories
- Chinese Traditional Culture Display Museum
- Activity Hall for Culture Activity
- Cultural Room
- Auditorium
- Internet Facility for Research Students

Career Opportunities
Excellent job opportunities are available for students of Confucius Institute. Students may enter in variety of vocational fields such as Chinese enterprises, Teaching Chinese, Educational Administration, Business, Banking, Interpreter, Research in Chinese Language and Culture etc.

Specific Research Areas
- Basic Communication Skills
- Chinese Traditional Culture
- Modern Chinese Language and Literature
- Ancient Chinese Language and Literature
- Chinese Traditional Philosophy
- The Society and History of China
- Cognitive Linguistics in Chinese
- Chinese Linguistics
- Chinese Phonetics

Scholarship in China
- Ph.D. (in Humanities and Social Sciences) in China Fellowship.
- Joint Research Ph.D. Fellowship.

Scholarship Coverage and Criteria
- The students who pass the HSK level 4 or above exams can enroll in China TOP 20 Universities to higher study.
- Scholarship winners are exempted from registration and tuition fees, basic learning materials, accommodation on campus, monthly allowance, outpatient services and comprehensive insurance during study in China.

Faculty Members
Pakistani Director
- Prof. Dr. M. Nasiruddin Khan

Chinese Director
- Prof. Zhang Xiaoping

Professors
- Ms. You Li

Lecturers
- Wangkangnan
- Li Wenbiao
- Long Yunying
- Li Xuemei
- Cao Yun Ying
- Su Chang
- Zhu Shucheng
- Yu Deng
- Liu Yan
- Yao Xiaoyu
- An Ziyi
- Wu Xueshuang
- Lin Hong
- Zhang Mengyuan
- Miao Muzheng
- Hu Zhitian
- Cao Yu
- Zhou Shijun
- Li Yang
- Liu Xiang Jun
- Zhao Jing
- Tian Tingting
- Xie Rumin
- Wang Lin

Programs Offered
- HSK Certificate Course
- Chinese Bridge competition series
- Summer/Winter Camps
- The Confucius China Studies Program:
  a. Joint Research Ph.D. Fellowship
  b. Ph.D. in China Fellowship
(Further Enquiry :www.chinesetest.cn)

IMPORTANT INSTRUCTIONS

THOSE STUDENTS WHO WANT TO FILL THE TEST FORM FOR ADMISSION-2019 SHOULD SUBMIT SEPARATE FORMS FOR THE FOLLOWING TESTS:

❖ **Entry Test for Doctor of Pharmacy (Morning & Evening) / Doctor of Physcial Therapy**

❖ **Entry Test For Bachelors Programs**

- Students applying for both forms have to submit NTS Fee only once.
- There shall be only One Test for a student that shall be applicable to both the forms.

**Aptitude Test Form for Visual Studies**

➤ Students willing to apply for Visual Studies should fill the Aptitude Test Form for Visual Studies separately.

➤ Aptitude Test for Visual Studies will be conducted by Karachi University.
Appendix B

Eligibility for admission to Computer Science (BSCS / BSSE) / Chemical Engineering (B.E.) on Entry Test basis
Admissions to Computer Science (BSCS / BSSE) / Chemical Engineering (B.E.) in the following departments will be granted on pre-requisite (Intermediate or equivalent as per eligibility criteria) examination after qualifying the Entry Test with minimum 50% marks in the Entry Test.

Eligibility for admission to BS / Hons./ B.Ed. / BPA / BBA on Entry Test basis
Admissions to BS / B.A. (Hons.) / B.Sc. (Hons.) / B.Ed. / BPA / BBA in the following departments will be granted on pre-requisite (Intermediate or equivalent as per eligibility criteria) examination after qualifying the Entry Test with minimum 40% marks in the Entry Test.

</table>
Students who select Physics or Applied Chemistry as subsidiary should have passed the Intermediate or Higher Secondary Examination with Mathematics or Statistics.

Any student who has not passed Intermediate Science with Biology is not permitted to choose any subject from the Biology group.

Only those students can take Mathematics as a subsidiary subject who had Mathematics as an optional subject in the Intermediate, or who have passed certificate Course in Mathematics from Karachi University.

All BS students are advised to select their subsidiary subjects in consultation with the Chairpersons of their major Department.
Appendix - D

Major and Subsidiary subjects for BS & Honors in the Faculties of Arts & Social Sciences and Islamic Studies

Students of Honors In the Faculties of Arts & Social Sciences and Islamic Studies can select one major and two subsidiary subjects from the following subjects:

<table>
<thead>
<tr>
<th>S. #</th>
<th>Subject</th>
<th>S. #</th>
<th>Subject</th>
</tr>
</thead>
<tbody>
<tr>
<td>01.</td>
<td>Arabic</td>
<td>14.</td>
<td>Japanese*</td>
</tr>
<tr>
<td>02.</td>
<td>Bengali</td>
<td>15.</td>
<td>Mass Communication</td>

<td>25.</td>
<td>Urdu</td>
</tr>
<tr>
<td>13.</td>
<td>Italian*</td>
<td>26.</td>
<td>Women Studies</td>
</tr>
</tbody>
</table>

* for subsidiary only

In order to select Major and Subsidiary subjects the following points should be kept in mind:

1. Students who have Economics as their Major subject are not allowed to take Arabic, Persian, Urdu, Bengali or Sindhi as subsidiary subject.
2. Students who have Criminology as their Major subject are not allowed to take Arabic or Bengali as subsidiary subject.
3. French, Japanese or Italian can be taken as a subsidiary subject only.
4. Students who have one language as Major subject are allowed to take another language as subsidiary.
5. Students who have Philosophy, Statistics or Geography as Major cannot take Social Works as Subsidiary. However, students with Statistics as Major should opt for Mathematics as subsidiary.
6. Students can select either Psychology or Geography as subsidiary subject but not both.
7. Students can choose only one of the following subjects: General History, Islamic History, Islamic Studies and Mathematics. However, Islamic History can be taken with Islamic Studies. Students who have Islamic studies as major will follow rules governing B.A.(Hons.) in Islamic Learning.
8. International Relations cannot be taken together with Political Science.
9. Students who select Mass Communication as a Major must choose the subsidiary subjects from the following two groups (one from each group):

**Group A:** Sociology, Psychology and Economics.

**Group B:** Islamic History, General History, Political Science, International Relations or any one language.

Students can choose Mathematics as subsidiary only if they had Mathematics as optional subject in HSC examination or have passed Certificate Course in Mathematics from Karachi University.

Students who select Islamic Studies as Major can take only one of the following languages: Arabic, Persian, Urdu, Sindhi, English and Bengali.

The following subjects cannot be taken simultaneously as subsidiary; only one from each group can be selected:

**Group A:** Psychology or Geography.

**Group B:** Sociology or Social Works.

**Group C:** Political Science or International Relations.

**Group D:** Islamic History or General History.

Students taking Geography or Statistics as major subject will be governed by rules concerning Hons.of Science Faculty. Students may select the subject of Women Studies as a subsidiary in consultation with the Chairpersons of their major departments.

Students having Library and Information Science as major subject cannot select Arabic, Persian, Italian, French and German languages as subsidiary since these languages are offered as paper II in Bachelors second year. However, English and Urdu can be opted.

**NOTE**

If a student selects a subsidiary subject which is not in accordance with the above directives, he/she will not be examined in that subject. Every student, therefore, is directed to consult Chairperson of the major department before selecting subsidiary subjects.

A candidate choosing a wrong combination is bound to get the wrong subject changed with the permission of Chairperson / Concerned Dean.

<td>40</td>
<td>i) Graduation (with at least 45% marks in Elective English)</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td>ii) Graduation (with at least 55% marks in Compulsory English)</td>
</tr>
</tbody>
</table>

**Note:**

i) Admissions will be given according to above order of priority.

ii) Candidates with Functional English are not eligible for admission.

| 02. | MASS COMMUNICATION                              | M.A.  | 35           | Graduation or equivalent                                                             |

**Faculty of Science:**

| 01. | ENVIRONMENTAL STUDIES                           | M.Sc. | 25           | B.Sc. / B.Pharm. / Pharm-D / B.E. / MBBS / B.Sc. (Nursing) or any relevant degree    |

Quality Enhancement Cell

As per the university's strategic plan, the Quality Enhancement Cell was established to improve the overall educational standards and international rankings. The cell focuses on various aspects such as faculty development, student support, and enhancing the research capabilities of the institution. Key areas of focus include:

- Faculty Development:
  - Training workshops
  - Internship opportunities

- Student Support:
  - Counseling services
  - Sports and extracurricular activities

- Research:
  - Collaborative projects with international institutions
  - Funding opportunities

The Quality Enhancement Cell is committed to fostering a culture of continuous improvement and excellence in all academic and administrative processes. It works closely with various stakeholders to ensure that the institution remains competitive in the global higher education landscape.
جا مکاری پیشہ واری متعین ہر لاس ویکیمی اشکورتی کی وجہ سے جانی پاییں ہیں۔ آن گالیجا مکاری بیرونی اشکورتی پیپنی ہیں اور میں تین ہیں۔

کلاسات میں میکاری سے:
